Welcome to Trinity Graduate School

A Message from the President

Are you a leader?

You may have answered that question with some doubts or even with a resounding, “No!” If you did, here at Trinity International University we would disagree with you. Servant leadership is defined as influencing a group of people to accomplish their God-given task in a way that contributes to God’s global redemptive mission.

Influence! You are influencing people through your life right now in whatever setting you may find yourself. So, the question isn’t whether you are a leader-influencer; the question is whether you are intentionally using your influence. Are you investing your God-given gifts, talents, skills and passions for God’s glory and purpose?

At Trinity Graduate School (TGS), we have created a Christ-centered learning environment where, under the guidance of the Holy Spirit and godly mentors, you can discover and develop your influence. Whether God calls you to be a teacher, doctor, lawyer, community or business leader, pastor, missionary, lay leader, or to some other professional career, we intend to help you explore and expand the influence you can have to engage culture for God’s purposes.

The preparation you will receive at TGS will involve some of the most difficult work you will ever accomplish. The intense intellectual preparation will equip you to persuasively articulate a biblical worldview and apply it to all areas of life. The emphasis upon academic excellence will prepare you to be a lifelong learner. In cooperation with the Holy Spirit, we will also attempt to instill within you a love for God, the Gospel, the church and the world. This integrated and rigorous learning experience emphasizes the highest levels of academic preparation from a biblical perspective.

We pray regularly that God will send us the students he wishes us to influence for his glory. We undertake our role as a sacred trust.

G. Craig Williford (PhD '95)
President

A Message from the Executive Vice President/Provost

At Trinity Graduate School (TGS), our desire is to serve the Living God by educating leaders who will be effective Christians in many professional disciplines and in a wide variety of contexts.

Few decisions are more significant than choosing a university for graduate study.

As you read and explore more about Trinity Graduate School of Trinity International University you will find a University dedicated to “integrating the gospel into an education for life.” We believe there are many reasons why Trinity is worth your consideration:

Foundational Values

TGS is part of a Christian university committed to biblical Christianity, dedicated to the inerrancy of Scripture and the lordship of Jesus Christ. While emphasizing these essentials, we appreciate breadth in other matters, making it possible for Christ-followers from many different backgrounds to study, worship, and serve together.

Strong Scholarship

We seek to challenge students intellectually and to help them connect knowledge of God and faith in Christ with learning and living.

Outstanding Faculty

TGS has a faculty made up of scholars with vibrant personal faith, high academic credentials, and a willingness to be involved in the lives of students. Students and alumni repeatedly affirm this to be one of our greatest strengths.

Location

Our campuses near Chicago and in the Miami-Fort Lauderdale area of Florida afford the best possible environment for dynamic learning.

We have a diverse faculty and student body unified by our commitment to Christ-centered education. We are wonderfully conducive to developing lifelong friendships, establishing values, and preparing to make a difference in the world.

For many, Trinity Graduate School is the right place to learn, to grow, and to serve.

Jeanette L. Hsieh, EdD

Executive Vice President/Provost

A Message from the Dean

The core of the vision for Trinity Graduate School is graduate studies in the context of an abiding commitment to the truth of the Word of God and its relevance to the needs of society. TGS's programs focus on developing Christian leaders who come to gain depth of perspective in the context of enhanced expertise in a given field of study. Faith and integrity, combined with education and excellence, produce a compelling leader.

Cognizant of the cultural ebb and flow, we have designed programs that are deeply rooted in a biblically based Christian world-and-life view. Five master's degree programs are currently offered and careful consideration is being given to expansion into other areas of crucial concern to our current culture. Each program represents the highest levels of scholarship combined with a strong practical orientation.

Trinity Graduate School seeks to equip Christian leaders for the 21st century who will influence their disciplines, their culture, and their world for the cause of Christ. We invite you to join the vibrant learning community at Trinity Graduate School.

About Trinity International University

History of the University

Trinity International University (TIU) is composed of a liberal arts college, a divinity school, a graduate school, and a law school in California. Trinity is the educational ministry of the Evangelical Free Church of America; its main campus is located in Deerfield, Illinois, with regional centers in Chicago, Illinois, in Davie, Florida, and in Santa Ana, California.

A Strong Heritage

Trinity International University traces its roots to 1897 when the Swedish Evangelical Free Church began a ten-week Bible course in the basement of a Chicago church. This soon developed into the Bible Institute of the Swedish Evangelical Free Church of America. In 1884 the Norwegian-Danish Free Church Association had begun the Norwegian-Danish department of the Chicago Theological Seminary. In 1910 the department withdrew from the seminary and established the Norwegian-Danish Bible Institute and Academy—located first in Rushford, Minnesota, and then later in Minneapolis with the name Trinity Seminary and Bible Institute. Between 1946 and 1949 the Swedish school merged with the Norwegian-Danish school to form Trinity Seminary and Bible College, located in Chicago.

During the 1960s the seminary (renamed Trinity Evangelical Divinity School) and the college (renamed Trinity College) moved to their present Deerfield Campus. In 1992 the college established a regional center in Florida, where the former Miami Christian College became Trinity College at Miami. In 1995, Trinity College, Trinity College at Miami, and Trinity Evangelical Divinity School were united to form Trinity International University. With the inauguration of the university, Trinity College in Deerfield became the College of Arts and Sciences and Trinity College at Miami became Trinity International University—Florida Campus. In 1997 the first class entered Trinity Graduate School. Trinity Law School, located in Santa Ana, California, incorporated into Trinity International University in January 1998. Trinity Law School is accredited with the State Bar of California and is moving toward application for American Bar Association accreditation. The residential undergraduate program in Miami closed in 2000, and the undergraduate and graduate programs were renamed the Trinity International University—Florida Regional Center. In 2002 the College of Arts and Sciences was renamed Trinity College.

What's in a Name?

People use the word *university* to mean many different things. It can be just a label for a college or a way of describing a large college with graduate schools. But at Trinity, *university* emphasizes how every discipline is taught and studied from one common perspective (a *uni*-versity). This approach to education has been lost in many universities. All the great Western universities of the world were founded on Christian principles. In fact, ninety of the first one hundred colleges and universities founded in the United States were established to develop Christian character and to prepare people for ministry. However, cultural influence has eroded most schools' Christian convictions. Such schools no longer give students a Christian understanding of their disciplines or seek to prepare students for the demands of living the Christian life. Whereas these schools have a profound impact on students and society, they have no common philosophy or values.

The state of educational environments today is the reason it is so important to have a Christian university—why humanity needs to begin again to build great institutions that will explore God's world while acknowledging that he is Lord in the natural and social sciences, humanities, fine arts, and every aspect of experience. It is the reason Trinity International University can offer a fine education to undergraduate and graduate students alike—an education for service to God in the workplace, family, church, and community.

Governance

Preservation of a legacy calls for wise and careful leadership. We are governed by a thirty-one-member Board of Regents (eighteen elected by the Evangelical Free Church of America Annual Conference delegates, nine appointed by the Board of Regents, three EFCA ex officio, and the TIU president) who carry the responsibility for the successful conduct of the school and for cooperation with local congregations of the EFCA. One-third of its members are reelected or replaced at the Annual Conference each year.

The Schools

In 1995, Trinity Evangelical Divinity School and Trinity College merged to become Trinity International University. In 1997 the first class entered Trinity Graduate School. In early 1998 Trinity Law School in Santa Ana, California (originally founded in 1980 as the Simon Greenleaf School of Law), joined the growing institution. Now, with nearly 100 full-time faculty and more than 3,000 students, we are committed to the same vision with which we were founded in 1897 and determined to follow in the footsteps of the great universities that were founded on the cornerstone belief that all wisdom lies in Jesus Christ.

As Charles Malik has shown in his illuminating book *A Christian Critique of the University* (InterVarsity Press, 1982), the university is now the central institution of the modern world. Yet it is far from the university as it was established nearly one thousand years ago. The Christian schools of the past—including the great American universities of Princeton, Yale, and Harvard—are now largely or entirely secular institutions, built not on a vision of the glory of God but as temples to the wisdom of this world. As Malik puts it, they have “swerved” from their grounding in Jesus Christ. Our task, if we are to be salt in the world of our day, is to build institutions where we can think like Christians and learn to live as Christians in a culture in which both have become equally hard. Whether preparing to be pastors or missionaries or attorneys, teachers, counselors, scientists, corporate leaders, homemakers or public servants, whatever our calling under God, we need excellence in education, grounded in the lordship of Jesus Christ. That is the goal and task of Trinity.

“Forming students to transform the world through Christ.” At the heart of Trinity's mission lies its commitment to engage the culture for Jesus Christ. Trinity's purpose is to enable its graduates—in all schools and in every discipline—to think and live like Christians in the twenty-first century. We believe that God calls his people into many kinds of service; Trinity's calling is to prepare them to serve for his glory.

Trinity International University is a family of four schools: Trinity College, Trinity Graduate School, Trinity Evangelical Divinity School, and Trinity Law School.

Juniors and seniors have the opportunity to take courses in the divinity school and graduate school. Special programs include the premedical majors, which have a cooperative relationship with The Center for Bioethics and Human Dignity on campus. Trinity College also offers a dual Bachelor of Arts/Master of Arts degree in Bioethics, Cultural Engagement, and Teaching and an accelerated Bachelor of Arts/Master of Arts degree in Intercultural Studies. EXCEL offers similar nontraditional programs at the Florida Regional Center.

The MA in Bioethics (MA/BE) is a third program offered by TGS at the Deerfield Campus. This degree is designed in web seminar, summer conference wraparound, and modular formats to accommodate professionals unable to relocate to Deerfield.. Also offered on the Deerfield Campus is the Master of Arts in Teaching (MA/T) The MA/T leads to either elementary or secondary education certification and is designed for individuals with a bachelor's degree who wish to enter the teaching field. The program is offered one night a week and on some Saturdays in a cohort-based format to accommodate adults. In addition, in conjunction with Trinity College, dual degrees (Bachelor of Arts/Master of Arts) are offered in Bioethics, Cultural Engagement, and Teaching.

Trinity Evangelical Divinity School (TEDS)

Dean: Tite Tiénou, PhD

Trinity Evangelical Divinity School enrolls nearly 1,600 students. The Deerfield campus is home to about 1,300 of those students, including 500 doctoral students, with about 300 additional students enrolled in seven extension site campuses throughout the Midwest and south Florida. An additional 250 students are enrolled in online distance education courses. At the heart of the divinity school lies the Master of Divinity degree, preparing pastors, teachers, and missionaries for Christian service. TEDS also offers the academic Master of Arts degree with concentrations in archaeology, Christian studies, Christian thought, church history, evangelism, history of Christianity in America, intercultural studies, New Testament, Old Testament and Semitic languages, philosophy of religion, as well as the professional Master of Arts degree with concentrations in counseling ministries, mental health counseling (licensure program), ministry, and urban ministry. TEDS offers the Master of Theology degree program, the Doctor of Ministry, and the PhD with concentrations in educational, intercultural, or theological studies. Particularly unique options include the availability of the full Master of Arts (Christian Studies) degree at seven extension sites, an accelerated Bachelor of Arts/Master of Arts (Intercultural Studies) degree with Trinity College, and a 75-hour Advanced Placement MDiv degree for those with an undergraduate ministry degree.

Trinity Law School (TLS)

Interim Dean: Myron Steeves, JD

The Trinity Law School, at the California Regional Center of Trinity International University, is strategically located in Santa Ana, the heart of Southern California. The full- and part-time faculty of the law school reflects Trinity's commitment to faithfulness to the gospel while engaging culture with the gospel's profound and far-reaching implications. Trinity Law School offers the Juris Doctor degree. This 85-unit degree can be taken as a three-year full-time program or as a four-year part-time program offering students flexible course schedules, affordable tuition, and most important, the unique opportunity to study law from a Christian perspective. Graduates may sit for the Bar examination of the State Bar of California.

The Locations

Welcome to the University

Trinity is seeking, under God, to build a university that is—like the great universities of our culture once were—grounded firmly in Jesus Christ as Creator and Sustainer and therefore as the starting point of all our knowledge of both God and his world. This university is also international, focused on the global mission of the church to “every tribe and tongue.” Students come to Trinity from all over the world, and Trinity has trained leaders of churches and schools in many countries.

This is an exciting time to be at Trinity! Join us in praying for the university as we seek to serve the Lord.

Trinity International University Mission Statement

Trinity International University educates¹ men and women for faithful participation in God's redemptive work in the world² by cultivating academic excellence,³ Christian fidelity,⁴ and lifelong learning.⁵

¹ Trinity offers nonformal opportunities to the public for continuing education, as well as formal degree programs.

² Believers are called to be God's co-laborers in God's ongoing work in our broken world (1 Cor. 3:5-9), as we anticipate the return of the Lord. Wherever or however we serve, we are to be agents of restoration and transformation for the glory of God and the good of the world.

³ We seek to instill in our students the habit of doing academic work with excellence for the glory of God and the good of society.

⁴ A goal of our education is continuing faithfulness to Christ and his Gospel, to biblical authority, and to Christian doctrine as a guide to ethical living.

⁵ Habits of learning must be sustained throughout life for individual growth and for effective service in a changing world. These habits of learning characterize the TIU community of learners—faculty, staff, students, and graduates.

Trinity International University Statement of Faith

Trinity International University holds to the doctrinal position of the Evangelical Free Church of America.

EFCA Statement of Faith, Adopted by the Conference on June 26, 2008

The Evangelical Free Church of America is an association of autonomous churches united around these theological convictions:

1. We believe in one God, Creator of all things, holy, infinitely perfect, and eternally existing in a loving unity of three equally divine Persons: the Father, the Son and the Holy Spirit. Having limitless knowledge and sovereign power, God has graciously purposed from eternity to redeem a people for Himself and to make all things new for His own glory.
2. We believe that God has spoken in the Scriptures, both Old and New Testaments, through the words of human authors. As the verbally inspired Word of God, the Bible is without error in the original writings, the complete revelation of His will for salvation, and the ultimate authority by which every realm of human knowledge and endeavor should be judged. Therefore, it is to be believed in all that it teaches, obeyed in all that it requires, and trusted in all that it promises.
3. We believe that God created Adam and Eve in His image, but they sinned when tempted by Satan. In union with Adam, human beings are sinners by nature and by choice, alienated from God, and under His wrath. Only through God's saving work in Jesus Christ can we be rescued, reconciled and renewed.
4. We believe that Jesus Christ is God incarnate, fully God and fully man, one Person in two natures. Jesus—Israel's promised Messiah—was conceived through the Holy Spirit and born of the virgin Mary. He lived a sinless life, was crucified under Pontius Pilate, arose bodily from the dead, ascended into heaven and sits at the right hand of God the Father as our High Priest and Advocate.
5. We believe that Jesus Christ, as our representative and substitute, shed His blood on the cross as the perfect, all-sufficient sacrifice for our sins. His atoning death and victorious resurrection constitute the only ground for salvation.
6. We believe that the Holy Spirit, in all that He does, glorifies the Lord Jesus Christ. He convicts the world of its guilt. He regenerates sinners, and in Him they are baptized into union with Christ and adopted as heirs in the family of God. He also indwells, illuminates, guides, equips and empowers believers for Christ-like living and service.

7. We believe that the true church comprises all who have been justified by God's grace through faith alone in Christ alone. They are united by the Holy Spirit in the body of Christ, of which He is the Head. The true church is manifest in local churches, whose membership should be composed only of believers. The Lord Jesus mandated two ordinances, baptism and the Lord's Supper, which visibly and tangibly express the gospel. Though they are not the means of salvation, when celebrated by the church in genuine faith, these ordinances confirm and nourish the believer.
8. We believe that God's justifying grace must not be separated from His sanctifying power and purpose. God commands us to love Him supremely and others sacrificially, and to live out our faith with care for one another, compassion toward the poor and justice for the oppressed. With God's Word, the Spirit's power, and fervent prayer in Christ's name, we are to combat the spiritual forces of evil. In obedience to Christ's commission, we are to make disciples among all people, always bearing witness to the gospel in word and deed.
9. We believe in the personal, bodily and premillennial return of our Lord Jesus Christ. The coming of Christ, at a time known only to God, demands constant expectancy and, as our blessed hope, motivates the believer to godly living, sacrificial service and energetic mission.
10. We believe that God commands everyone everywhere to believe the gospel by turning to Him in repentance and receiving the Lord Jesus Christ. We believe that God will raise the dead bodily and judge the world, assigning the unbeliever to condemnation and eternal conscious punishment and the believer to eternal blessedness and joy with the Lord in the new heaven and the new earth, to the praise of His glorious grace. Amen.

Trinity International University Core Values

As an institution committed to inerrant Scripture, given by God as our final authority for faith and life, we hold ourselves accountable to it and to each other with regard to these values as we “form students to transform the world through Christ.”

1. **Christ centeredness.** We are here to model and to engender Christ centeredness in all that we do. The lordship of Christ should affect and be evident in every aspect of education, relationship, and endeavor at Trinity.
2. **Comprehensive education.** We are here to educate for the whole of life, beginning with the mind and including a comprehensive discipleship that results in a comprehensive witness. We seek to nurture students to become spiritually mature and biblically informed persons who make well-reasoned and wise intellectual and moral judgments, thereby equipping and motivating them to tackle real-world problems.
3. **Community.** We seek to be a learning community that operates by the ethics and values of the Kingdom of God. The makeup of the community should be a reflection of the breadth and diversity of the family of God. The way we treat people should be consistent with the morals, justice, compassion, humility, and love of our Lord. Interaction with students should both reflect an attitude of service to them as individuals and take advantage of opportunities for mentoring and modeling and personal development.
4. **Church connectedness.** We value service to the Church because we believe that the Church is God's central vehicle to accomplish his work in the world. Our vision for serving the Church is a global vision, just as God's vision for his Church is global. A particular value affecting Trinity's work is to identify and meet the educational needs of the EFCA.
5. **Cultural engagement.** We seek to bring faith, life, and learning to bear on the issues facing our world. Our perspective is one of engagement with culture from a Christ-centered and biblically rooted foundation. We are committed to high standards of research, scholarship, thinking, and living as a means of preparing students to engage the world and to respond honestly and earnestly to those in a pluralistic society.

Community Life

All-University Convocation

An important part of community life at Trinity is the All-University Convocation that marks the beginning of each academic year. The university library and offices are closed so that all faculty, students, and staff from Trinity's various schools may come together, united in worship and purpose. Worship is usually led by a team of administrators, students, faculty, and staff that gives visible expression to the diversity of the Trinity community. Through a presidential address, we are reminded of our calling as a Christian university and that we live and serve for the glory of God.

Chapel

Worship is at the center of the Christian life and at the center of the Trinity community. TEDS/TGS students, faculty, and staff join together for corporate worship every Tuesday and Thursday (11:00–11:45 a.m.) in the A. T. Olson Chapel. Under the supervision of the Chaplain, a team of pastorally motivated student leaders plans diverse expressions of praise designed above all to give glory to God. The Holy Scripture is central to all of our worship as gifted faculty members, students, and leaders from around the world help us to engage faithfully with God and his Word. Chapel provides a place of rest for students in the midst of busy schedules as they are reminded of God's goodness and grace. Chapel is also a place of community building, as students and faculty share times of prayer and testimony together. All students are strongly encouraged to make our semiweekly corporate worship gatherings an integral part of their graduate education.

Formation Groups

Students in the MA/BE and MA/CE have the opportunity to meet weekly in a small group led by a faculty member, generally meeting during the 12:00 hour on Tuesdays or Thursdays, or during other times throughout the week. These Formation Groups are an important component of our students' personal, spiritual, and ministry development. As a place for discussion, prayer, and mentoring, Formation Groups complement more formal education and offer a warm place for mutual encouragement in the context of ministry and theological education. Formation Groups are guided by three main objectives:

To Grow Together in Biblical Wisdom

. . . by bringing Scripture, theology, and history to bear on relevant personal, ministry, cultural, and sociopolitical issues

To Grow Together in the Grace of God

. . . by engaging in and understanding primary means of grace (Word, Prayer, Worship), as well as other Christian disciplines

To Grow Together in Relationships and Relational Skills

. . . by engaging in the building of relationships, mutual ministry, and service to others; providing encouragement and accountability with those who share the unique challenges of ministry and theological education

Prayer

Prayer is an important aspect of community life at Trinity. Classes frequently begin with prayer. Students and faculty can often be seen praying with each other around the campus. On Monday mornings faculty and administrators meet together for prayer in the faculty lounge while various student prayer groups meet throughout the campus.

Once every semester, classes are suspended for a **Day of Prayer**. The purpose of this day is to acknowledge our humble dependence upon Christ by making room to intercede for God's continuing work at Trinity and around the world. This important day also allows for extended times of personal and corporate reflection. The morning is spent in creative, concerted prayer and thanksgiving in the chapel. In the afternoons, Formation Groups continue in prayer, fellowship, and other activities.

Dean of Students and Graduate Student Affairs

The purpose of the Graduate Student Affairs Department is to provide orientation, guidance, support, and information to facilitate a positive learning experience for TEDS/TGS students. In addition, disciplinary issues and concerns are brought to the attention of the office of the Dean of Students who serves as custodian of disciplinary records. Graduate Student Affairs is located in the lower level of the Waybright Center. The department is responsible for the following ministries, programs, and events.

Standards of Conduct

As a community of future leaders of the Christian church, Trinity seeks to maintain high standards of integrity in all areas of life, including academic work, ministry, and community relationships. Given these objectives, students are expected to maintain appropriate personal standards and use wise judgment in matters pertaining to personal conduct. (Any set of community standards may contain elements with which some of its members disagree. Nevertheless, out of a desire to encourage an environment appropriate to its purposes, respect for its heritage, and concern for the values of its constituency, Trinity Evangelical Divinity School and Trinity Graduate School have established the following behavioral guidelines for all full- and part-time students, whether they are on or off campus (unless otherwise stated):

Practices that are specifically forbidden in Scripture, such as dishonesty, theft, premarital sex, abortion, adultery, homosexual behavior, use of pornography, drunkenness, profanity, gossip, racism, and infringement on the rights of others, will not be condoned.

Scripture explicitly teaches respect for governmental authority. Students are therefore expected to uphold the laws of the local community, the state, and the nation except on those occasions where obedience to civil authority would require behavior directly in conflict with other scriptural principles.

In a Christian academic community, academic dishonesty, including cheating, plagiarism, and misappropriation of library materials, is regarded as a serious violation.

Students will be required to refrain from the possession or use of harmful substances such as nonprescribed stimulants and depressants, and hallucinogenic and illegal drugs.

Gambling and the possession or use of intoxicants (e.g. alcoholic beverages) or tobacco products are practices that are questionable and are not allowed on campus.

Trinity values a community environment that is free from all forms of discrimination and harassment. Therefore, discrimination and harassment of any type toward any individual (including domestic relationships) will not be tolerated by the institution. This includes any form of verbal, physical, written (including electronic transmissions) abuse, threats, or stalking. This also may include a persistent pattern of behavior directed at another that distresses, frightens, or is in some manner inappropriate or threatening. Examples of this include but are not limited to hate speech, abuse because of one's race, gender (sexual harassment, including unwanted advances), nationality, or disability. In the event of threats or the potential of stalking, TEDS/TGS reserves the right to contact law enforcement agencies. A formal complaint procedure has been established to respond to allegations of discrimination and harassment and is available to all students from the Graduate Student Affairs Department. Those found in violation will be subjected to disciplinary action.

In order to facilitate orderly community life, students are expected to abide by other procedural rules and regulations as announced.

Office Services

Deacon's Fund

The Deacon's Fund is based on the New Testament pattern of a Christian community caring for the temporal needs of fellow believers. Donations are received and disbursed to meet the special, unforeseen needs of TGS students and their immediate families. The Senior Vice President of Student Affairs seeks to identify those who qualify for this ministry.

Graduate Student Government Association (GSGA) Liaison

The Dean of Students serves as GSGA Liaison. For more information about GSGA, please see "Graduate Student Government Association (GSGA)" below.

Health Services

Health Services is available to all Trinity students, spouses, and dependents for triage/treatment of minor illness and injuries, referrals to off-campus health care facilities, health education, and maintenance of immunization records. There is a minimal cost for required immunizations, but all walk-in office visits with a registered nurse are free. Our campus physician comes for a few hours every week to see students by appointment. Health insurance is handled by the Human Resources Office (847.317.7138).

Immunization Records and Compliance

The State of Illinois requires incoming students to submit documentation with exact dates of the following injections: Measles (two); Mumps (one); Rubella (one); and Tetanus/Diphtheria (one injection within the last ten years). For students not attending U.S. grades 9-12, three Tetanus/Diphtheria injections are required, the third one being within the last ten years. A PPD tuberculosis skin test is also required. If written documentation is not available, all injections must be repeated. Accepted students will receive further information and a proper form to be completed as part of the admissions process. Immunization forms can be downloaded at MyTrinity > Student Affairs > Health Services. **Do not** send immunization documentation before receiving the official form. Students who are taking less than 6 hours of credit per semester or who were born prior to 1957 are exempt from this law.

Immunization forms are due two weeks before classes begin. A \$50 late fee is charged at the end of your first noncompliant semester.

International Student and Scholar Office

The International Student and Scholar Office provides comprehensive non-immigrant regulation advisement, hospitality assistance, social support, and advocacy for international students and strives to foster further cross-cultural understanding through interaction between the international students and the broader community.

The International Student and Scholar Office (ISSO) works with more than one-hundred-fifty international students and their families. Immigration matters for TEDS, TGS, and TC are handled in the ISSO. The office is located in the lower level of the Waybright Center.

The ISSO serves to implement the federal Student and Exchange Visitor Information System (SEVIS) as related to the issuing of visas for international students. The office ensures that the university remains in compliance with all federal and state reporting requirements, and the Associate Dean of Students serves as the primary signature authority for I-20 and I-17 forms.

The ISSO is concerned about students' needs as they begin the transition to their new surroundings in the United States. The ISSO provides counseling on immigration issues and cultural adjustments. Upon new students' arrival, the ISSO has a special orientation program, arranges for household items and furniture to be available, coordinates hospitality, and provides information for adjustment and transition to a new locale and culture.

During the school year, opportunities exist for fellowship (e.g., family dinners), recognition of accomplishments (e.g., honoring graduates), and cross-cultural discussion. Throughout the year, international students are also given the opportunity to assist in leading chapel services.

More information can be found on the ISSO website at www.tiu.edu/divinity/connect/internationalstudents/.

NSO ushers students into the Trinity learning community such that Trinity's Core Values will impact their education and life through events designed to both *communicate* and *embody* our core values. It is important for students and family members to understand and experience these core values so that they are excited and affirmed in their choice to come to Trinity. NSO seeks to help new students establish relationships with other students and faculty. Another priority is to guide them through the initial processes needed for beginning well. New Student Orientation is held prior to the beginning of the fall and spring semesters. Fall and spring orientations are events that incorporate corporate worship, community meals, tours of the campus and facilities, and communication of vital information on academic and other matters to aid a new student's transition to graduate education.

All Trinity Evangelical Divinity School students and Trinity Graduate School students are responsible to know and adhere to all information contained in the *Graduate Student Guide*. The *Graduate Student Guide* is available online at MyTrinity > Handbooks.

Residence Life

TEDS/TGS Residence Life facilitates a community learning environment that fosters the wellness of the whole person. Special Events and Opportunities

African American Festival Week

In conjunction with the Multicultural Development Office, the Dean of Students and Student Affairs Department sponsor African American Festival Week during the spring semester. The events of this week are designed to foster racial reconciliation, promote cross-cultural unity, and keep the seminary community aware of other cultural and racial issues. The week features a prominent African American theologian, scholar, and/or pastor as the chapel speaker for the week.

Areopagus Symposium

The Areopagus Symposium is an annual spring gathering of religious leaders and practitioners in the greater Chicago area. Hosted by the Trinity Graduate School, the symposium is conceived as a place where exchanges on issues pertaining to religion and culture can openly be debated. In a desire to engage culture, these exchanges hope to contribute toward an awareness of various religious views addressing important topics such as politics, human rights, the environment, cultural and religious values and peace.

Bioethics Colloquium Series

Trinity Graduate School annually hosts three bioethics colloquia during the January-March period. Each colloquium features a presentation by a Christian leader in the bioethics field on a topic of widespread current interest, followed by a period of discussion. The sessions, as well as refreshments following, are open to the entire university and surrounding community free of charge. Dates and other details are available from the Trinity Graduate School Office.

Global Christian Week

Our annual Global Christian Week is conducted in early fall. During that time, prominent missionary spokespersons employ chapel messages, lectures, colloquia, and seminars to focus on the worldwide mission of the church. Representatives of a number of evangelical mission agencies are also invited to campus to consult with students.

Endowed Lectureships and Symposia

Bernard H. Rom Preaching Lectures

Rev. Bernard H. Rom served two pastorates in his lifetime at Evangelical Free churches in Pullman, Illinois, and Madison, Wisconsin. In honor of Rev. Rom's ministry, which was characterized by consistent biblical exposition and exceptional communication from the pulpit, his family endowed a lecture series that brings outstanding preachers to the Trinity campus each fall semester. Recent guests include Dr. Bryan Chapell, Rev. Alistair Begg, Dr. Steven D. Mathewson, Dr. Ravi Zacharias, and Dr. Kent Hughes.

Christian Worldview Conversation Series

In the spirit of Christian world-and-life-view thinking and its ability to shape questions of faith and learning in the context of the Christian academe, Trinity has initiated the Christian Worldview Conversation Series. Funding for this endowed series has been provided by the Institute for Advanced Christian Studies founded by the late Dr. Carl F. H. Henry, whose writings and life shape contemporary Christian worldview thinking. Additional funding comes from friends of the late Dr. Kenneth S. Kantzer, whose life and character as dean of both the Divinity School and Graduate School and also as president of Trinity College shaped the Trinity of today. The series provides a context for sustained conversations that compel the engagement of the Christian world and life view with the breadth of the disciplines in theology, the humanities, and the natural and social sciences.

J. Herbert and Winnifred M. Kane Global Engagement Lectures

The late Dr. Kane served as a professor of mission at Trinity during the 1970s. These Global Engagement Lectures established by Dr. Kane's family and friends in his honor bring a mission theorist to campus to address issues in the global church and the idea of *world Christians*, a term used by Dr. Kane. Recent guests have included Dr. Ajith Fernando, Dr. Tadataka Maruyama, and Dr. Juan Samuel Escobar.

Topical Dialogues

Additional lectures, dialogues, and symposia are offered on a regular basis on the Trinity campus. Often these are discipline specific and may be a one-time presentation or a series of dialogues. These include topical conversations in theology, Christian thought, educational ministries, church history, spiritual formation and engagement with contemporary society. Guests represent a breadth of international contexts, and topics vary widely. Funding for Topical Dialogues come from a variety of TEDS friends, including The Family Altar League, the family of Mel Larson, and the family of A. J. Thorwall.

Graduate Admissions

Contact Information

Trinity Graduate School seeks applicants who desire graduate education within an evangelical Christian worldview. Admission to the graduate school is open to qualified persons of all denominations and fellowships, of any race, color, and national or ethnic origin, without regard to sex or handicap. General Admission Requirements

Applicants should be aware that in the admissions review all components of the application packet are examined with no one component serving solely as a basis for admission or rejection of an application. Also note that individual programs may have additional admissions requirements described in the program prospectus in the catalog. Admission to the graduate school normally requires the following items:

- The completed [Application Form](#)
- An official transcript indicating graduation with a baccalaureate degree or its equivalent from an accredited college or university, typically including at least 60 semester hours of liberal arts course work

Official transcripts must be submitted from schools attended since high school. Applicants who attended secondary school (high school) outside the United States should submit those transcripts as well. Certified translations for non-English transcripts are required.

- A cumulative undergraduate grade point average of 3.0 or higher (on a 4.0 scale)
- Submission of scores from the Graduate Record Examination (GRE) verbal and analytical sections or the Miller Analogies Test (MAT) for those whose undergraduate GAP falls below a 3.0 GPA. Test scores must be less than five years old.
- Completed recommendation forms from (a) a pastor or church leader who knows the applicant, (b) a faculty member in a school where the applicant recently pursued academic studies (undergraduate or graduate), and (c) an employer or other relevant individual.
- Proof of English competency for students for whom English is not the first language
Competency is normally measured by the Test of English as a Foreign Language (TOEFL). The minimum score required is 92 (Internet-based test), 237 (computer test), or 580 (paper-based test), and scores submitted must be less than two years old. Waivers are not normally granted from this requirement; however, if a waiver is authorized, applicants then become subject to the standardized testing requirements as native English-speakers, required to submit qualifying scores from either the Graduate Record Exam (GRE) or Miller Analogies Test (MAT). Applicants should weigh this prospect carefully before requesting a waiver from the TOEFL. Waiver requests must be submitted in writing to the Director of Admissions at least three months (90 days) prior to the application deadline date in order to allow sufficient time for testing if the request is denied. Failure to submit qualifying test scores by application deadlines may result in outright denial of admission or postponement of application decision to a subsequent semester. Students must submit all other necessary application materials in order for a TOEFL waiver to be considered.

- Personal statements that include the following:
 - A statement of the applicant's past and present spiritual life
This may include one's Christian conversion and/or other significant spiritual events and formative influences in one's life (one or two pages).
 - A statement outlining the applicant's motivation to study at Trinity Graduate School, an evangelical Christian school, and one's future goals (one or two pages).

Program Prerequisites

Each program will have required relevant prerequisites defined in at least one of the following categories: (a) undergraduate course work, (b) program-oriented extensive or intensive experience, or (c) other (writing, etc.). Prospective students should note specific program prerequisites in the individual program prospectus and in the catalog.

Application Procedure

The back of this catalog contains instructions for the application process. Trinity follows a rolling admissions process; thus, master's program applicants may begin their studies during fall, spring, or summer terms. We strongly encourage application six to twelve months prior to the expected enrollment date. Applications for admission and all accompanying materials should be submitted by the following deadlines:

U.S. Citizens		International Applicants	
August 1	For fall semester admission	March 1	Fall semester pre-application information form (including summer session)
December 1	For spring semester admission	April 1	Fall semester application deadline
April 1	For summer session admission	June 1	Fall semester deposit deadline
		August 1	Spring semester pre-application information form deadline
		September 1	Spring semester application deadline
		November 1	Spring semester deposit deadline

Applications received after these deadlines may not be considered in the term for which originally applied, and no applications will be considered for a given semester after the second week of that semester.

Upon admission to Trinity, a student should submit a tuition deposit to the Admissions Office to reserve his or her place in the school. This deposit is credited toward the first term's tuition and may be refundable. New students are encouraged to send in their deposit as soon as possible since class registration times are assigned based on the date the deposit is received. (See the "Application Instructions" at the end of this catalog for further information on refunds.)

Denied applicants may appeal in writing to the Admissions Committee no later than ninety days following the date of the Admissions Committee decision.

Additional Application Considerations for All International Applicants

Trinity welcomes students from all over the world to our campus; however, the added challenges for international students cannot be underestimated. In addition to the regular application process outlined above, international applicants must also consider the following four items: Pre-application information form, language requirements, financial requirements, and visa requirements.

Pre-Application Information Form for International Applicants

This is a Trinity form that must be submitted prior to the actual application for admission. The Pre-Application Information Form provides the preliminary documentation necessary to demonstrate that prospective international students have identified their sources of funding for both education and living expenses while at Trinity, as required by the U.S. government. Applications for program admission will not be reviewed until the Pre-Application Information Form has been received and approved by Trinity. This begins the application process.

International applicants must demonstrate how all expenses related to education, travel, and living will be paid prior to issuing a student visa, according to U.S. law. International applicants may apply if they have a financial guarantor in the United States or if they have sufficient evidence from legitimate individuals or organizations that their expenses while attending Trinity can be met. Living expenses add more than \$20,000 annually to the costs of education (tuition, fees, books).

International students on an F-1 visa are limited by immigration restrictions to on-campus employment of twenty hours per week during the term when classes are in session and forty hours per week between the terms. Such jobs provide only a small percentage of the funds needed for education and living expenses. Immigration laws prohibit student spouses on F-2 visas from working. International students should not anticipate funding their education through on-campus employment.

Subsequent to approval of the Pre-Application Information Form, the prospective student's Application for Admission will be received and reviewed for admission to Trinity.

Language Requirements

In addition to the regular application materials, applicants *must* submit scores from the Test of English as a Foreign Language (TOEFL) if English is not the applicant's primary language of instruction. All Graduate School applicants must obtain a minimum TOEFL score of 92 (Internet-based test), 237 (computer test), or 580 (paper-based test).

Waivers from TOEFL are not normally granted. If a waiver is granted, applicants are required to submit scores from a standardized exam required for native English speakers (Graduate Record Exam [GRE] or Miller Analogies Test [MAT]). Waiver petitions must be submitted in writing to the Director of Admissions a minimum of ninety days prior to the application deadline date in order to allow sufficient time for testing in case the petition is denied. Failure to submit required TOEFL scores may result in denial of admission or postponement of the application decision to a subsequent semester. Students must submit all other necessary application materials in order for a TOEFL waiver to be considered.

Financial Requirements

After the Pre-Application Information Form has been received, the Application for Admission will be reviewed. If an international applicant is accepted, formal evidence must then be submitted through Trinity's Certification of Finances (COF) form that adequate financial resources for both educational and living expenses has been identified by the applicant. The COF is available on the Trinity website.

The Certification of Finances (COF) must identify monies readily available for the first year of study and document additional funding for the duration of the student's program. Most international applicants, depending on anticipated living arrangements and the number of family members accompanying them to the United States, will need to identify available funds from US\$25,000 to US\$30,000 to satisfy this requirement.

At this time, accepted international applicants living outside the United States must also submit a US\$2,000 tuition deposit (partially refundable) before the Certificate of Eligibility (I-20) for a student visa will be issued (students living in the United States should submit a \$125 deposit).

Visa Requirements

Trinity is authorized under U.S. law to enroll non-immigrant alien students; however, these U.S. laws are becoming increasingly stringent. International students *must* enter the United States with an F-1 visa, which is granted by the U.S. government. Applicants already in the United States in a visa category other than F-1 (including F-2, B-1 and B-2) may be admitted as Visiting Students and take one or two occasional classes for credit as long as the classes will not later be applied toward a degree program and the studies are not the primary purpose for being present in the U.S. Failure to observe this limitation will place one's visa status in doubt and could jeopardize a student's ability to secure an F-1 visa in the future should their educational goals change.

A U.S. Immigration Certificate of Eligibility (I-20) will be issued by Trinity, enabling the international applicant to apply for an F-1 student visa, after the following have been met:

1. Applicant has demonstrated English language competence meeting or exceeding Trinity's standards
2. Applicant has been admitted as a student
3. Applicant has demonstrated adequate financial resources through a Certification of Finances
4. Applicant has submitted a US\$2,000 tuition deposit

In accordance with U.S. immigration law, Trinity does not allow non-immigrant aliens to register as full-time or degree-seeking students without an F-1 visa. Permanent residents are exempt from these limitations, as are certain other visa statuses (i.e., R-1 or H1B). Further questions regarding visa status and eligibility to study at Trinity may

be directed to Trinity's Admissions Office on campus. It is the responsibility of the student to maintain legal immigration status.

Guidelines for Graduate Studies Preparation

Students who are still pursuing an undergraduate degree are encouraged to incorporate course work into their studies that will fulfill the following guidelines:

1. Students coming into Trinity Graduate School should typically have had at least 60 semester hours of liberal arts course work, including a broad undergraduate background in the humanities and the natural and social sciences.
2. Pre-graduate studies should give evidence that the applicant have developed the ability to think independently and to communicate effectively. Application materials will be carefully evaluated for writing skills. If a weakness is discovered, the student may be required to take extra study in English composition.
3. The applicant should note carefully the prerequisite course requirements for each program and take as many of those courses as possible at the undergraduate level. In most cases, if a student is qualified for admission but lacks the necessary prerequisite course work, the deficiency can be removed through additional course work at Trinity International University.
4. Applicants are encouraged to become familiar with the content of the Bible, either through formal course work or personal study. If an applicant's undergraduate program includes courses that parallel required courses in the Trinity curriculum, the applicant will be granted considerable flexibility in selecting advanced-level courses as substitutes for the required classes. Faculty advisors are able to assist in this process.

Admission Policies

Advanced Substitutes

Students who have taken undergraduate courses that are clearly parallel to required courses in their program at Trinity Graduate School may modify their program by way of Advanced Substitutes. This policy allows students to build on, rather than duplicate, studies that they have already completed. Advanced substitute courses are to be approved in advance by the Dean's Office.

Application for Readmission

There are certain situations in which students may need to submit a supplementary application.

- If they are accepted to Trinity Graduate School but do not enroll
- If they withdraw temporarily

However, if more than two years lapse after original acceptance, withdrawal, or completion of their first program, students will be required to submit new application materials, including recommendations and personal statements. Students who are readmitted are subject to the requirements of the catalog that is current at the time they re-enroll in course work.

Change of Enrollment Date

Students may find it necessary to change their anticipated enrollment date. If the new semester in which a student intends to enroll is within two years of the semester for which he or she was originally admitted, the change can be made routinely. If the new semester is more than two years from original admittance, a student will be required to submit new application materials.

Students who must change the date of enrollment, should notify the Admissions Office. The Admissions Office will notify them of any special instructions at the time of the change. These students will also need to contact the Housing and Financial Aid offices because the change may affect the availability of campus housing or financial aid. A student's program of studies will be governed by the catalog that is current in the semester he or she enrolls.

Active and Inactive Student Status

Students who desire not to register for classes for a period of one to three semesters (twelve months) should request a Leave of Absence (LOA) from the Student Affairs Office (see Leave of Absence Policy in this Catalog). This apprises Trinity of student program plans, and enables appropriate services to be provided. If a student

desires to leave TGS, a Withdrawal must be completed through the Student Affairs Office (see “Withdrawal” in this Catalog).

If a LOA or Withdrawal has not been completed by a student, and a student does not register and successfully complete course work each consecutive semester (fall, spring; summer is exempt), his or her status is rendered inactive (e.g., active students must register for at least one course each semester). Inactive students must reapply to TGS with no guarantee of readmission.

Change of Program (COP)

If after initial enrollment the student wishes to be admitted to a different program, the following apply:

- All possible options should be considered in consultation with a faculty member, Admissions Counselor, Program Director, and/or Records Office representative in light of course work already completed.
- Admission to one TGS/TEDS program does not guarantee admission to another program. All admission requirements for the new program must be met.
- At least one semester of TGS/TEDS course work must be completed before a COP application will be considered, together with the review of that semester’s grades. No more than one change of program will be permitted within a single semester.
- The online Change of Program application should be submitted to Admissions by the following dates: January 15 for the spring semester and September 1 for the fall semester. Changes requested after those dates will be recognized in the next academic term.
- The Catalog current at the time of admission to the degree program, not the Catalog in effect at the time of original enrollment, will govern the student’s new program.
- If COP is denied, applicants may submit a written appeal within thirty days to the Director of Admissions.

Interschool Transfers

Contact the Admissions Office for detailed information about transferring from one school to another within Trinity International University (e.g., transferring from the Graduate School to the Divinity School).

Student Classifications

Visiting Students

If a person wishes to take courses for credit on a part-time basis but does not want to enroll in a degree program, he or she may submit a Visiting Student application. In addition to the application form, he or she must submit an official transcript indicating that he or she holds a bachelor’s degree with a minimum GPA of 2.0 sent directly to our Admissions Office. Visiting students may enroll in a maximum of 9 hours each semester, and it is recommended that they enroll in no more than 12 hours before applying to a degree program. Please contact the Admissions Office for more information.

Auditors

If a person wants the opportunity to take one or more courses per semester but has no interest in earning graduate credit or a degree, he or she is invited to audit the classes of his or her choice. An auditor may usually participate in all class functions but will not be held accountable for tests or assignments, nor receive a grade or credit. No application is required, and the person need not have completed a bachelor’s degree. The graduate school, however, reserves the right to limit the number of auditors in any class, and some classes may be closed to auditors. Students in the Master of Arts program in Teaching should note that, in some cases, auditors will be required to participate in classes and prepare all assignments and tests. This difference is due both to the cohort nature of the program and the need to satisfy teaching certification requirements.

Transfer Credit

Students may receive credit for studies taken at fully accredited graduate-level institutions when such work parallels courses listed in our catalog and after successful completion of a full semester of academic work at Trinity Graduate School. Official transcripts of previous work showing satisfactory grades in the courses must be submitted for consideration.

Transfer credit is not given for undergraduate studies and is usually not granted for course work taken at non-accredited graduate schools. Also, graduate-level course work that has been applied toward an undergraduate degree cannot be allowed as transfer credit toward a Trinity Graduate School degree. To be considered for transfer credit, the course grade must normally be a “B-” or better from an accredited graduate-level program.

If a master’s degree has been completed at another institution, possible transfer credit will be limited to a maximum of 50 percent of the total credits required for the shorter degree.

If a student wishes to receive transfer credit for work done at another accredited graduate school, an official transcript from that graduate institution must be filed for evaluation, along with the Transfer Credit Request form to the Trinity University Records Office. (**Note:** the Transfer Credit Request form is available for download at MyTrinity > Records.)

The Records Office will evaluate transfer course work under the direction of the TGS Associate Dean and Program Directors. Transfer of credit is not automatic; it is considered only when requested.

Regardless of the amount of course work that a student may have taken elsewhere, all students must fulfill the minimum residency requirement for their programs at Trinity Graduate School.

Master of Arts programs in Bioethics and in Cultural Engagement: 24 hours must be taken through TIU course work, of which a minimum of 3 hours must be taken at the Deerfield Campus. A maximum of 6 hours may be considered for transfer credit.

Master of Arts program in Teaching: Students must complete all required courses either for credit or by audit through Trinity Graduate School.

Master of Arts program in Counseling Psychology (Florida campus): a maximum of 24 hours may be considered for transfer credit, of which only 12 hours of the concentration may be transferred.

Financial Assistance

Financial Aid Information

For those who qualify, financial aid or assistance is a source of monetary support provided by various agencies (federal, state, and local governments, universities, community organizations, and private corporations or individuals) to help students meet the cost of attending college. It includes gift-aid (grants and scholarships) and self-help (loans and student employment). The following is an overview of available financial assistance based upon qualification.

For consideration, students must return a completed financial aid application to the Financial Aid Office by April 1 for the fall semester and by September 15 if you will be a new student in the spring semester. Information concerning the various grants and scholarships offered by Trinity, including the application, can be found on our website at <http://www.tiu.edu/graduate/financialaid>.

Students interested in federal student loans or on-campus employment should complete a Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov. Trinity's school code is 001772 and Trinity-Florida school code is 012314.

Eligibility

All scholarship opportunities are designed specifically for Divinity School and Graduate School students pursuing a master's degree or Certificate in Christian Studies on the **Deerfield Campus**. Students in the MA in Teaching program are not eligible for institutional aid; they are eligible only for Federal Direct Loans and the Trinity College and REACH Graduate Rebates.

The University Records Office must consider students at least half time in order to qualify for Federal Student Aid, which includes both federal student loans and on-campus employment. Students who are enrolled part-time are eligible to receive institutional financial aid on a pro-rated basis.

Visiting, distance education, and extension-site students are not eligible for institutional aid.

Campus and parachurch ministry staff whose organizations have agreements with Trinity may choose between their program and those outlined on our website at www.tiu.edu/graduate/financialaid.

Availability of Scholarships and Loans

All scholarships and grants are awarded on a yearly basis. **Recipients of grants and scholarships must reapply annually.** Students attending for one semester of an academic year will receive half of the yearly amount of the scholarship or grant awarded. **The availability of all grants and scholarships are determined as funds permit.** Students are evaluated for institutional scholarships and grants during their application process by submitting the incoming student financial aid application on our website at www.tiu.edu/divinity/admissions/forms/finaidapp.

All loans are awarded on a yearly basis. Therefore, applicants attending for one semester will receive half of the yearly loan amount eligibility. Loan eligibility for students who are attending part time (5-9 hours) will be calculated based on hours taken.

Satisfactory Academic Progress

Trinity International University is required by federal regulation to apply both qualitative and quantitative standards when measuring academic progress to determine financial aid eligibility. These standards apply to all students who receive institutional, state, and federal Title IV funds administered by the University. Federal Title IV programs include Direct Loans, federal Perkins Loans, and federal Work-Study.

Trinity International University has established the following criteria in conjunction with federal regulation published on October 29, 2010, Federal Register Part 668.34 and in the Higher Education Amendments of 1986.

1. Qualitative Standards of Academic Progress

Financial aid recipients are governed by the performance standards of the school or college in which they are enrolled. In order to maintain financial aid eligibility, students must maintain a cumulative grade point average of 2.0.

- Credits transferred in, incompletes, and course withdrawal will not count toward the cumulative GPA average.
- Successful retaking of a course may improve the cumulative GPA average.

2. Quantitative Standards of Academic Progress or PACE

Financial aid recipients are expected to complete a degree within 150 percent of the expected rate of completion. The Department of Education dictates that the student must successfully complete attempted

course work at a specified PACE. PACE is defined as the number of cumulative successfully completed credit hours divided by the cumulative number of credit hours attempted. At TIU, students must achieve a PACE of 67 percent in order to complete degree requirements within the maximum timeframe allowed.

- Credit hours transferred in from another institution that are accepted toward the student's educational program must be counted as both attempted and completed hours.
- Course incompletes and withdrawals will count toward "hours attempted" and will negatively affect PACE.
- Successful retaking of a course may improve PACE.

3. Failure to Meet the Satisfactory Academic Progress Standards

Financial Aid Warning

Student records are reviewed after each semester. Students who fail to meet either the qualitative **or** quantitative standards are placed on **Financial Aid Warning** for one semester. During the semester of Financial Aid Warning, the student continues to be eligible to receive financial aid.

Financial Aid Suspension

Failure to achieve Satisfactory Academic Progress at the end of the Warning Semester results in **Financial Aid Suspension**. During a period of Financial Aid Suspension, a student is no longer eligible to receive institutional or federal student aid. Eligibility for financial aid can be regained by again achieving Satisfactory Academic Progress at the student's expense.

Financial Aid Appeal

Under certain circumstances, students who fail to meet Satisfactory Academic Progress after the Warning Semester may submit a written appeal. An appeal may be submitted under the following circumstances: Death of a relative, injury or illness of a student, or other special circumstances. The written appeal must include the following:

- The basis for submitting the appeal
- Reason the student failed to make Satisfactory Academic Progress
- What has changed in the student's situation that will allow the student to demonstrate satisfactory academic progress at the end of the next term

Note: An appeal can only be approved if the school

- **Has determined that the student will be able to meet SAP standards after the subsequent payment period, or**
- **Develops an academic plan with the student that, if followed, will ensure that the student is able to meet SAP standards by a specific point in time.**

A student who submits a financial aid appeal will be notified in writing of the results of the appeal. A successful appeal results in one term of **Financial Aid Probation**.

Financial Aid Probation

A student on Financial Aid Probation may receive institutional, federal, and state financial aid funds for one semester or specified time period. At the end of the Probationary semester or specified time period, the student must meet Satisfactory Academic Progress standards in order to receive financial aid in subsequent semesters. Only one semester or specified time period of Financial Aid Probation is allowed in a student's academic program.

Veteran's Benefits

Effective in the fall of 2010, the Financial Aid Office will determine institutional aid eligibility for new students based upon the percentage of tuition covered by VA benefits. In some cases, VA recipients may not be eligible for tuition-specific scholarships or grants at TIU. Institutional aid for continuing students will remain at current levels until graduation. Federal financial aid is not affected by VA education benefits.

Students who are eligible to receive benefits from the Veterans Administration must contact the TIU VA Certifying Official in the Records Office at 847.317.7052/7050 or by e-mail veterans@tiu.edu and establish TIU as the university of attendance.

Transfer Credits

All veteran's benefits recipients **must** report all prior education and training. The University will evaluate such training and grant appropriate credit, with training time and tuition reduced proportionately and with the USDVA and student so notified.

Academic Probation and Dismissal

VA Education Benefits Recipients: An enrolled student receiving VA education benefits is subject to all established regulations as outlined in the Code of Federal Regulations. As such, a VA student who has not maintained a 3.0 grade point average at the end of any grading period will be placed on academic probation for a maximum of two consecutive semesters. If the VA student has not raised his or her grade point average at that time, VA will be notified and all benefits will be terminated. Note: the satisfactory progress and academic enrollment at Trinity International University is dependent on the University standards, not the standards of the Veteran's Administration. While the above statement applies to funding from the VA, it does not apply to the academic standards of Trinity International University. Additional requirements for Veteran's Administration students regarding academic progress will be communicated in writing to the student VA recipients each academic year.

Veterans Policy Statement

Evaluation of previous education/training will be conducted in compliance with the Code of Federal Regulations 21.4254(c)(4).

Trinity Graduate School will conduct an evaluation of previous education and training, grant appropriate credit, shorten the veteran or eligible person's duration of the course proportionately, and notify the Department of Veteran's Affairs and the student accordingly.

Trinity reserves the right to modify all financial policies without notice.

Tuition Payment Policies

Continuing program students already with a TIUAccess login and password are presented with the semester bill immediately after completing their online registration. The loans may be used for the cost of tuition, living expenses, books, and supplies, as well as other school-related expenses.

Federal Direct Subsidized Loan

Interest and payment of a subsidized Direct loan begins six months after the student is no longer enrolled half time (5 credit hours). Interest **does not** accrue during the time the student is enrolled at least half time. During repayment, the interest rate varies annually with a maximum rate of 8.25 percent. While in repayment, the interest on these loans may be tax deductible. Check with a tax accountant or the IRS.

Federal Direct Unsubsidized Loan

Payment of an unsubsidized Direct loan begins six months after the student is no longer enrolled half time (5 credit hours). Interest *does* accrue during the time the student is enrolled at least half time. During repayment, the interest rate varies annually with a maximum rate of 8.25 percent. The interest on these loans may be tax deductible. Check with a tax accountant or the IRS.

TEACH Grant

MA/T students who agree to serve for at least four years as a full-time, highly qualified teacher in a high-need field, in a school serving low-income students, may be eligible to receive \$4,000 per year in TEACH Grant funds. Please see the TIU website for more information.

Applying for Federal Financial Aid

Students apply for federal Direct loans and TEACH Grant by completing the Free Application for Federal Student Aid (FAFSA) each academic school year. Applications may be submitted online at www.fafsa.gov. Trinity's school code is 001772.

Please follow the steps listed below to apply for federal financial aid. Allow several weeks for this process.

3. Complete online application. Retain a copy of the submitted application.
4. A Student Aid Report (SAR) will be sent (by return e-mail) once processing is complete. Check this form for errors. Follow instructions on the Student Aid Report if corrections are necessary.
5. Trinity will receive the results electronically. Assuming there are no problems with the application, an award letter will be sent indicating loan eligibility.
6. The signed award letter must be returned to the Financial Aid Office.

Illinois Student Assistance Commission (ISAC) website (www.collegezone.com) and the Financial Aid Office. The application priority due date for these scholarships is March 1.

Lifetime Learning Credit

Junior, senior, and graduate students who are working Americans and pursuing further education may be eligible for this tax credit. Consult a tax accountant or the IRS for specific information.

Retaining Financial Aid

Financial Aid is awarded according to enrollment status. To retain financial aid, a student must make satisfactory academic progress (see page 47). Students must maintain at least half-time status per semester to qualify for financial aid. Status is determined as follows:

Part-time status if enrolled in at least one, but fewer than five, credit hours per semester

Half-time status if enrolled in at least five, but fewer than ten, credit hours per semester

Full-time status if enrolled in ten or more credit hours per term

Financial aid eligibility for a half-time student can be adjusted to reflect the number of credit hours for which the student is enrolled. In order to qualify for the maximum financial aid in a given semester, it is essential that each student register prior to the beginning of each semester for all courses that he or she intends to take.

Rebates and Waivers

Rebates are not retroactive and will be granted only in the semester during which a student is enrolled in classes.

The current semester's bill must be paid in full or be up to date on a payment plan in order to register for the next semester. All balances owed to the institution must be paid in full prior to the release of transcripts or a diploma.

Window Hours

Student Accounting Assistants are available Monday thru Friday, from 8:30 a.m. to 4:00 p.m. CST.

Administrative Withdrawal

Students missing the first two class sessions/meetings in any registered course (a no-show) will be administratively withdrawn from the course **and all other remaining registered courses in the semester**. There will be a \$200.00 administrative withdrawal fee charged to the student account.

If a student indicates in writing they wish to continue in their program **for the same semester** for which they had been administratively withdrawn, the \$200.00 fee will be reversed and the tuition and fees for the no-show course will be prorated according to the Refund Policies below and based upon the date of the notification.

Students desiring to continue in the program in a **new semester** after withdrawal will need to apply for readmission and pay any remaining balance on their student account, including the \$200.00 administrative withdrawal fee.

Refund Policies

Refunds for of tuition and fees, including audits, are subject to the official date of withdrawal or drop of the individual modular course. The proration will be based on the following schedule:

100% Refund	for a course dropped through the first day of the start date of the course (first class)
50% Refund	for a course dropped through the first 25% of class meetings (not class time)
No Refund	for a course dropped after the first 25% of class meetings

For **online program courses**, through 25% of the course will be defined as the end of the 14th day following the official academic start date of the course.

Please note: if withdrawing for a semester and then returning in a following semester, the student will be under a new guaranteed rate per credit hour.

Return of Title IV Funds for Withdrawing Students

Students withdrawing completely from the institution during any given enrollment period will receive prorated amounts of financial aid based on the percentage of the semester completed. The prorated (earned) amounts are calculated according to federal regulations. Please note that financial aid earned is based on the percentage of the semester completed, **not** charges incurred. For more information regarding the return of funds, please contact the Financial Aid office at 847.317.8060.

Before changing from full-time to part-time status, students should contact the Financial Aid Office to determine any reduction in financial aid. Students who find that they need to reduce their academic load will be refunded tuition and fees according to the policies listed above.

Tuition Deposits

Refunds of tuition deposits are granted only if written notification of intention to cancel enrollment is received by the Admissions Office at least thirty days prior to the anticipated date of enrollment.

Trinity reserves the right to modify all financial policies without notice.

Academic Information

Academic Counseling

Students will be assigned a faculty advisor at the beginning of your studies at Trinity Graduate School. The faculty advisor will provide not only academic guidance but also a measure of spiritual, emotional, and social counsel. Advisors will assist students in making the necessary adjustments to campus life and in planning an appropriate program of study. The Assistant Registrar in the Records Office is also available by appointment to discuss program completion requirements.

Academic Handbook

Detailed information related to the MA/BE, MA/CE, MA/CP, MA/T, programs of the Graduate School is contained in the [Academic Handbook](#). Students enrolled in degree programs are responsible for the contents of this document, which can be found online at [MyTrinity](#) > Handbooks.

Academic Load

To be considered full time, master's-level students must enroll in at least 10 hours each semester. Students will be considered part time if they are enrolled in 1-9 hours. However, for financial aid purposes "half time" is defined as 5-9 hours.

Students may not register for more than 18 hours in any semester without approval in advance by the Dean's Office.

If it is necessary to earn part or all expenses while enrolled at Trinity, students are encouraged to reduce their academic load accordingly. If employed for more than twenty hours per week, students are advised against registering for a full-time academic load.

Students are responsible to submit all required academic work by the assigned deadline for every course, including Internship, Guided Research, and Reading Courses. Work that is completed, but not submitted, will not be accepted beyond the end of the course. In cases where students have an emergency during the semester, the professor is allowed to grant an exception, provided that all work is submitted by the end of the semester. Extensions beyond the end of a semester are approved only by the TEDS/TGS Dean of Students in Deerfield and by the Executive Director/Associate Academic Dean at the Florida Regional Center.

Academic Year

Residential programs within Trinity Graduate School operate on the semester system, in which the academic year is divided into three semesters. The fall, spring, and summer semesters are fourteen weeks, plus an exam week, each, and full-time students take three or four courses per semester.

In the residential programs, a semester hour is equivalent to fifty minutes of class instruction per week for one semester. For the purpose of comparing semester hours with quarter hours, 1 semester hour equals 1.5 quarter hours.

Nonresidential programs, such as the MA/BE (modular) or MA/T (cohort based), have course starts and class configurations that vary from the traditional semester format. Course credits for these classes are expressed in semester hour equivalents.

Active and Inactive Student Status

Program students are expected to register at the beginning of each semester for course work (including short-term modulars) or other program requirements (Internship, Thesis, Extensions of capstones, etc.) that they intend to complete during the semester. The status of such students is considered **active**, and campus services, such as library, e-mail, and faculty, are available to them. Student accounts must also be in good standing for a student to remain active and able to register for the next semester.

Students who desire not to register for classes for a period of one to three semesters (a maximum of twelve months) should request a **Leave of Absence** (LOA) from the Graduate Student Affairs Office (see "Leave of Absence Policy" in this Catalog). This apprises Trinity of student program plans and enables appropriate services to be provided. If a student desires to leave TGS, a **Withdrawal** must be completed through the Graduate Student Affairs Office (see "Withdrawal" in this Catalog).

If an LOA or Withdrawal has not been completed by a student and a student does not register and successfully complete course work each consecutive semester (fall, spring; summer is exempt), his or her status is rendered **inactive** (e.g., active students must register for at least one course each semester).

Inactive students wishing to reenroll must reapply to TGS with no guarantee of readmission. At the time that **inactive** students reapply, they are subject to a **reactivation fee**. Students who withdraw appropriately and reapply are not subject to a reactivation fee.

Campus Residency Requirement

The master's programs of the graduate school each require a minimum of 3 semester hours of campus residency on either the Deerfield Campus or at the Florida Regional Center. Some programs may require additional campus residency time.

Catalog

Students admitted to Trinity Graduate School will be subject to the program requirements of the catalog that is current at the time of initial enrollment rather than the catalog that was current when application was made. The catalog is updated annually. Students may complete the graduation requirements for their programs under the terms of the catalog that is current when they first enroll or any other subsequent catalog published by Trinity Graduate School during the time of uninterrupted resident study. If students ever withdraw and are readmitted, or if

they finish one program and are readmitted into a second one, they will be subject to the requirements of the catalog that is current in the term when they reenroll. In addition, because the MA/T program leads to teaching certification and is accredited by the State of Illinois, the program is subject to changes in requirements made by the Illinois State Board of Education at any time, and students wishing to be certified must meet these requirements. Students in this program will be kept apprised of such changes, should they occur, by the education advisor.

Course Scheduling

Classes are arranged in a variety of formats, generally depending on the program. Some classes during fall and spring semesters are arranged in a block format in which each course meets once or twice a week throughout the semester, ranging from sixty to one-hundred minutes per meeting. Classes meeting twice weekly are normally scheduled in either Monday/Wednesday or Tuesday/Thursday combinations. Modular courses meet during the fall and spring semesters and during the summer on designated weekdays or weekends or as conference wrap-around courses. They generally require pre- and postcourse work. The MA/T program has classes that meet one night per week and some Saturdays for the duration of the program.

Examinations

All students, whether or not English is their primary language, are expected to complete all examinations—quizzes, midterms, finals, comprehensive exams, and otherwise—within the time allotted for the particular exam. Those students covered by the Americans with Disabilities Act (ADA) should consult with the Dean of Students if they need adjustments in the location, length, or manner of their exams based on documented disability.

Final Examinations

Final examinations are held during specified times in every regularly scheduled university course. These require mastery of subject matter, but the method and manner in which such mastery is demonstrated is left to the discretion of each faculty member. All final examinations must be taken when scheduled unless there is an emergency, in which case the Dean of Students Office may grant permission for a change in final examination time.

Gender References in Speech and Writing

The following statement reflects the principles of both Trinity Evangelical Divinity School and Trinity Graduate School.

In recognition of the divine act of creation whereby the *imago Dei* (image of God) has been equally given to women and men, the faculty of Trinity International University offers the following statement on gender references in speech and writing. We do this as a demonstration of the reality of our belief in the *imago Dei* and as an example of our serious desire to see all men and women treated with the worth and value with which both were invested since the creation of the world:

As members of the faculty of Trinity International University and leaders in the church of our Lord, we recognize that God has given his gifts to both men and women in the body of Christ. Therefore, as we teach in class, speak in the pulpit, or write our books and articles, we commit ourselves, before God, to be sensitive to the presence and needs of both sexes and the forms of address that will represent both genders rather than unthinkingly adopt potentially offensive conventions of speech.

Our decision is based on the fact that God's gift of the *imago Dei* to both women and men has forever settled the question of their equal worth, value, and meaning as persons.

As believers desiring to support such an affirmation, we intend, by God's help, to avoid any unwarranted usage of exclusive language. We will seek to avoid referring to all men and women as if only one gender were in view when actually we are intending to address the whole group.

Furthermore, we pledge ourselves as faculty to encourage students, staff members, and the wider Christian community to use language and illustrations that include women and men in teaching, writing, witness, and worship.

Grading

The following criteria are used at Trinity Graduate School in assigning letter grades:

- "A" Designates outstanding work: superior achievement of course objectives
- "B" Designates good work: commendable achievement of course objectives
- "C" Designates acceptable work: satisfactory achievement of course objectives

Note: Courses for which a student receives a grade of "C-" or lower will not be counted toward meeting degree requirements.

“D” Designates minimal work: marginal achievement of course objectives

“F” Designates failure: unacceptable work. Normally assigned also to courses dropped after the eighth week of the semester, except in emergency circumstances.

The following grade points are assigned to letter grades:

A = 4.0	A- = 3.7	
B+ = 3.3	B = 3.0	B- = 2.7
C+ = 2.3	C = 2.0	C- = 1.7
D+ = 1.3	D = 1.0	D- = 0.7
F = 0.0		

The following grades and notations are also used in the grading system of the University:

CR/NC (Credit/No Credit): Certain courses of a practical nature such as colloquia and internships are offered only on a CR/NC basis. Other courses such as — 7501 Guided Research are completed for a letter grade or CR/NC. One option must be chosen at the time of registration.

- **CR (Credit):** Represents the successful completion of a course offered on a credit/no credit basis. These hours apply toward graduation requirements but are not calculated in the grade point average.
- **NC (No Credit):** Represents the failure to complete successfully a course offered on a credit/no credit basis. These hours are calculated as hours attempted but do not apply toward graduation requirements and are not used in the calculation of grade point averages.

AU (Audit): Indicates that the student registered for the class on an audit basis; normally indicates regular attendance in class and participation in discussion although not enrolled for credit. Since no grade is assigned, grade points and hours are not accumulated for courses audited.

NR: Not Reported. (A special grade designation is posted whenever a student grade is not submitted by a faculty instructor. The student will see an “NR” designation posted on the web Grade Report on TIUAccess, which indicates that the Records Office is waiting for the grade to be submitted. Students should contact their faculty instructor with questions regarding any pending grades posted with an “NR” designation.) An NR designation on a student’s record that remains for longer than three consecutive semesters will be administratively changed to an “F” (failing grade).

EX: Official Extension granted.

W (Withdrawal): Indicates that a student dropped a course after the add period for a class but before the appropriate deadline:

- Traditional courses (semester, quad, etc.) must be dropped within the first 50 percent of class meetings.
- Modular courses must be dropped by the end of the first class meeting.
- Cohort-based courses (MA/T) must be dropped before the last scheduled class meeting.

No hours or grades are recorded as attempted. Withdrawals after the deadline result in administrative assignment of an “F.”

NOTE: Students should note that tuition and fees assessment and financial aid deadlines may differ from academic deadlines.

Grade Replacement Policy

A student may elect to repeat any course in which a grade of “B-” or lower is earned provided that the repeated course is taken at Trinity Graduate School (TGS) in a regularly scheduled class, or as a reading course with instructor’s permission. The higher grade earned in the course will be used in the calculation of the GPA.

A student who has earned a “C-” or lower grade at TGS may repeat the course at another institution, and the credits earned (with the appropriate transfer grade level) may be applied toward degree completion; however, the grade earned at another institution will **not** be used in computing the TGS cumulative GPA.

A repeated TGS course, for which credit has been earned, may produce an improved grade and improved cumulative grade point average but will not provide additional credits. A required course in which a “C” or higher is earned may be repeated only once. All courses, grades, and GPA calculations will remain printed on the transcript.

Independent Study Options

In general, a maximum of one-third of a student’s program may be completed through Guided Research, Reading Courses, or Extension or Distance Education Courses. The maximum for some programs may be higher.

Academic Policies

Academic Appeals Process

Initial Appeal: The student should appeal an academic decision directly to the director of the office enacting the policy or decision (Registrar, Director of Admissions, Program Director, etc.), who will attempt to resolve the appeal in consultation with the Dean or Associate Dean of the Graduate School or will refer the appeal to the Graduate School Council. In the Division of Education, initial appeals are considered by the Teacher Education Council, which is chaired by the Director of the Division of Education.

Secondary Appeal: Finding no satisfaction, the student should appeal the ruling in writing, following the procedure detailed in the [Academic Handbook](#), to the Graduate School Council. The Graduate School Council will act on the appeal.

Final Appeal: If still dissatisfied, the student has the right of final appeal to the Dean of the Graduate School.

Academic Probation and Dismissal

A student may be admitted to Trinity on academic probation for either of the following reasons:

- A weak academic background as reflected in the undergraduate grade point average (GPA) and/or standardized admissions test scores
- A bachelor's degree from a nonaccredited institution accompanied by marginal standardized admissions test scores

In such cases, the probationary status will be removed after successful academic performance in 12 hours of academic course work at Trinity.

A student will be placed on academic probation at the conclusion of any semester in which that student's cumulative GPA in their current degree program falls below graduation requirements in the respective degree program. The student will remain on probation as long as the cumulative average remains below the required level. It is expected that, if on academic probation, all activities outside of regular studies would be curtailed until such time as the probationary status is removed.

The minimum cumulative GPA for all Trinity Graduate School MA degree programs is 3.0. Students whose cumulative GPA falls below 3.0 but remains above 2.3 after 12 hours of academic course work in their current degree program will be placed on academic probation. Probationary status will be maintained until the cumulative GPA is raised to a 3.0 or above. The probationary period cannot exceed the six-year statute of limitations for the MA degree. Following completion of 12 hours of academic course work, a student will be dismissed from Trinity Graduate School if the cumulative GPA falls below 2.3.

Students who have either been placed on academic probation or have been dismissed have the right to appeal to the TGS Academic Standing Appeals Committee. They must do so in writing within fourteen calendar days of the postmarked notice of their academic standing. Letters of appeal may be sent to the Office of the Dean of the Graduate School.

Following a student's academic dismissal from the university, the Admissions Committee will consider applications for readmission only if warranted by exceptional circumstances. Such applications are considered on a case-by-case basis. Upon dismissal, a student must wait at least one semester before reapplying.

Candidacy Requirements

Admission into any master's program is not automatic acceptance into candidacy for the master's degree. A student will be recognized as a candidate in the program only after **completion of a minimum of 20 semester hours of graduate study** with a minimum cumulative grade point average of 3.0 (on a 4.0 scale) and removal of any entrance deficiencies for the program. A candidate must have demonstrated proficiency in the area of concentration and supporting fields and must give adequate proof of ability to complete successfully all degree requirements. Candidacy must be approved by a vote of the faculty. Failure to achieve candidacy results in dismissal from the program.

Individual programs may have additional candidacy requirements. For example, in the MA/CP program, students are required to participate in and successfully complete the requirements of a group counseling experience. MA/T students must be accepted into the Division of Education. The student should consult with the academic advisor or program director as to the specific requirements for his or her program.

For students enrolled in any of the dual degree options, candidacy in the MA is not awarded until the BA degree is complete.

Capstone Experience

TGS programs all require a capstone experience: professional project, major or integrative paper, internship, comprehensive exam, thesis, or a combination of these. Students should note carefully the requirement in their program curricula and consult with a program advisor as to the precise guidelines for that experience.

Capstone event writers (papers, theses) should note carefully the University writing requirements outlined in the *TIU Style and Format Manual* and avail themselves of the counsel of the Research Document Assistant or assigned Capstone Reader in their writing.

Capstone Extensions and Fees

Some capstone events are regularly completed during the semester of enrollment; however, others often extend one or more semesters beyond the original semester of enrollment. These Capstones also have a Capstone Extension course (— 7476, — 7478, — 7480, — 7485) in which students must enroll in order to maintain their active student status (see “Active and Inactive Student Status” elsewhere in this Catalog). If a student is enrolled in a capstone extension course and in no other courses, a minimal capstone extension course fee is charged for the student to maintain his or her active status and Trinity services. Students who fail to register for a Capstone Extension course to maintain their active status are charged the extension course fee plus late registration fees for *each* semester in which they failed to register and may be rendered inactive in their program, requiring readmission and payment of the reactivation fee (see “Active and Inactive Student Status”).

Changes in Registration and Course Withdrawals

Changes in Registration

For all Add/Drop changes in registration, the student must make the changes on TIU Access. In traditional courses, changes made during the first week of a semester (summers excepted) are free. After the first week of class a Change-in-Registration fee is charged (see “Registration Fees” in the Finances section of this catalog). Courses may not be added after the second week of classes.

Grade accountability for courses dropped after the second week of classes is as follows: courses dropped at any time during the third through eighth weeks (second through fifth weeks for quad courses) of classes must be recorded with a grade of “W” (see “Grading” above) as indicated by the course instructor. A student may change from a letter-grade or credit/no credit class to an Audit through the eighth week of the semester. Courses dropped after the eighth week (the fifth week for quad courses) are automatically recorded with an “F.”

For modular courses, Adds/Drops must be completed by the first meeting day of the class. For the MA/T, students wishing to add a course must do so within seven calendar days prior to the first day of class. No course may be added after the first day of class. Students wishing to drop a course are urged to do so as early as possible to maximize any refund due. Withdrawal is not permitted after the last class session. At that point, students will receive the grade earned.

Class Attendance

The development of good habits confirming Christian character and a sense of Christian stewardship implies that TGS students are responsible to attend class lectures, participate in class discussions, and complete course requirements.

At the beginning of the semester each faculty member will notify class members in writing of the attendance policy for each class. Since class attendance is important, students are urged to attend classes regularly regardless of stated attendance policies in order to participate in discussion and receive benefit from lectures and reports given in class. Because of reduced class time in modular classes, attendance at all sessions is required. Students who miss a session will be requested to withdraw from the course.

Because of the accelerated and collaborative nature of the MA/T, students are required to attend every class session. Missing a single class means a significant portion of the contact with the learning community has been lost. For this reason, in MA/T courses, students missing one class session will have their course grade reduced between one-half and one full letter grade. Students missing more than one class period will receive no credit for the class, and a grade of “F” will be recorded. The course must then be retaken in order to receive credit.

If an MA/T student misses more than two class sessions for all courses during a given semester, the student will be required to meet in person with the program director to discuss continuance in the program. Students are responsible to monitor their own attendance and to make sure they do not exceed two absences per semester. Any student missing more than thirty minutes of a course session will be considered absent for the full session. Participation points are earned and calculated in the final grade of a course based in part upon on-time attendance at each session.

Completion of a Second Degree at TIU

After completing work for one graduate degree at the university, a minimum of 16 semester hours must be taken in the new program before obtaining a second degree; however, the actual number of hours necessary to complete that degree may be higher, depending on the length of the degree. A student must also meet all specific requirements for the second degree. No hours can be applied from a first or second degree to a third. Students may be allowed to do advanced substitutions for required courses already taken.

Students accepted in BA/MA in Dual Degree programs are allowed to take course work toward an MA simultaneously with their undergraduate course work; however, they are considered undergraduate students until all requirements are met for the BA. If the course work for the MA is finished simultaneously with BA course work, the MA will be awarded in the semester following the awarding of the BA. Even if the MA course work is finished first, in no case will the MA be awarded until the BA is completed.

Course Extensions

During any given semester faculty may change due dates for an entire class for a given assignment or exceptionally grant individual emergencies; however, any extensions beyond the last day of final exam week are granted only by the Dean of Students (or by the Executive Director/Associate Dean at the Florida Regional Center). Course extensions must be requested by Friday of exam week.

Course work is due no later than the scheduled time of the final examination for each course (including Reading, Guided Research, Field Education, and Internship). Extensions for unforeseen emergencies (illness, death) may be requested from the Dean of Students. Vacations, ministry or work responsibilities, and travel plans are not considered emergencies, and such requests will generally be denied.

Note that only the Dean of Students (or the Executive Director/Associate Dean at the Florida Regional Center), not faculty members, grants course extensions. The Dean of Students or Director of Academic Programs (FRC) will notify the students and faculty member of the disposal of the request and may recommend that (a) no grade penalty be given provided the extension deadline is met or (b) a grade reduction of one full letter grade be given for each week the extension is effective.

Grading and the duration of the extension will depend on the severity of the emergency. Course extensions will not exceed four weeks from the end of Final Exam Week or from the last session of a course. All work must be submitted by the assigned deadline, or a failing grade (F) will be permanently recorded.

Course extensions beyond four weeks occur only in the event of the most serious extenuating circumstances. A written request accompanied by the support of the faculty member should be filed with the Dean of Students or Executive Director/Associate Dean (FRC).

Thesis/Capstone Extensions:

A student who is unable to meet any of the stated thesis deadlines due to an emergency or other unforeseen circumstances may request a thesis extension by submitting an Extension of Thesis/Capstone Deadline Request form, available on the MyTrinity.

An extension for Topic and Committee approval is granted when the form is filed with the TGS Office Coordinator. Extensions for Initial Draft and Defense Draft are granted when the form is returned to the TGS Office Coordinator with signatures indicating the approval of the members of the thesis/capstone committee and the department chair. Such requests are to be filed before the published deadline. **The Final Copy deadline cannot be extended.**

Course Registration: Trinity College Undergraduates into TGS

Trinity College students may register for one TGS course each fall or spring semester at no additional charge (summers not included). Such course work may be counted for either undergraduate or graduate credit (not both) and may not be used to fulfill General Education requirements.

Registrants must be a full-time undergraduate student with junior or senior status with a minimum GPA of 3.0. The requisite form, which must be accompanied by the College Dean's signature in the case for juniors, is available from the Records Office. Undergraduate students registering for graduate classes are subject to all deadlines, grading policies, and late fees of TGS.

General Graduation Requirements

The following graduation requirements apply to all master's candidates at Trinity Graduate School:

- Completion of all prescribed course work for the program
- A residence requirement of one academic year (or its program equivalent) in Trinity Graduate School course work

- A minimum cumulative GPA of 3.0 in program course work with no grade below “C” applied to the program
- Successful completion of the program’s comprehensive examination, project, practicum, or thesis
- Completion of the program within six years of matriculation
- All financial obligations to the university settled with the Accounting Office
- Approval of the faculty

Grade Changes

Faculty members may not change a student’s grade for a given course unless an error was made in computing or recording the grade originally. Students who wish to contest an assigned grade may petition via the Academic Appeals process but should be aware that a faculty member’s decision in assigning grades is rarely overturned. Such cases would only be reviewed seriously in the case of a faculty member (normally visiting) who was not aware of general standards expected in grading at Trinity.

Graduation and Participation in Commencement Ceremonies

A student may graduate in May, August, or December of any academic year; commencement ceremonies are held in May and December. Degree completion requires the filing of an Application for Graduation.

Fall applications are due by July 15, preceding the intended graduation semester. Spring and summer applications are due by December 15, preceding the intended graduation semester.

For each academic year, there are three completion semesters: fall, spring, and summer. Students who complete their program at any session are eligible to participate in the May or December commencement ceremony. Participation includes both walking in the ceremony and being listed in the program. Participation in commencement ceremonies does not imply graduation. Graduands should note the following special requirements for participation in commencement:

- Program requirements of 6 or less hours remaining, student has registered for those requirements to be completed in the subsequent semester (spring for December participants, summer or fall for May participants)
- The capstone experience, internship, and/or clinical practice, are completed and passed during the regular semester deadlines.
- No other program requirements remain outstanding.
- Completion of the online Commencement Participation Form between August 1 and November 15 for December ceremony; and between January 1 and April 1 for the spring ceremony.

Graduation with Honors

The following criteria are established for the determination of graduation honors for students in the Master of Arts programs of the graduate school:

cum laude	minimum cumulative average of 3.50
magna cum laude	minimum cumulative average of 3.80
summa cum laude	minimum cumulative average of 3.90

Leave of Absence or Withdrawal from the University

Leave of Absence

A student who desires not to register for classes for a period of one to three semesters (a maximum of twelve months) should request a Leave of Absence (LOA) via the Academic Withdrawal/Leave of Absence form available from the Graduate Student Affairs Office (studentservices@tiu.edu). The student should schedule an appointment with the Dean of Students at the time of submission of the form to ensure that all matters are in proper order. An LOA may be granted for personal, financial, or other reasons, but the expectation is that the student will return to his or her program within a twelve-month period.

During the LOA, the student is considered “Active” but “On Leave” and should maintain contact with TGS, ensuring that address information and other relevant data are kept current through the Records Office. At the end of the leave, arrangements for course registration and returning to school should be made directly with the Records Office. During the LOA, the program Statute of Limitation clock keeps ticking; however, the student remains in their program of admission, and no continuation fees are assessed. (Exception: MA/T students on LOA may be placed in a new cohort and are subject to any changes in the educational program’s requirements for certification.) LOA status is not intended to merely delay program deadlines or other program responsibilities but is rather a genuine absence from the TGS community.

If during the LOA the student finds that he or she must Withdraw from the University or needs further extended leave beyond what was originally filed, he or she must communicate with the Student Services Office his or her intentions. LOA beyond twelve months is considered Withdrawal from the University, and the student must reapply with no guarantee of readmission. If readmitted, the student will be subject to the catalog current to his or her readmission date and may face programmatic or course requirement changes.

Withdrawal from the University

If a student desires to withdraw from the University with no intention of returning, the student must complete a Withdrawal from the University form available from the Graduate Student Affairs Office (studentservices@tiu.edu). The student should schedule an appointment with the Dean of Students at the time of submission of the form to ensure that all matters are in proper order. Withdrawal is not complete until final settlements have been made with the Student Accounting and Records Offices. Grade accountability, if the student withdraws from Trinity after the start of a semester, is the same as that of dropping a class. Withdrawal from the University deactivates the student's file, and if he or she desires to return at a future date, the student must reapply with no guarantee of readmission.

All students who have withdrawn from Trinity and desire to return for study must apply for readmission through the Admissions Office. The readmitted student will then be subject to the catalog requirements in effect at the time of reenrollment, rather than the catalog in effect at the time of the student's previous enrollment.

MA/T students who withdraw and apply for readmission will be reassigned to a new cohort upon readmission and will be subject to the academic requirements, as well as to the tuition rates, that apply at the time of their reentry.

Withdrawal for Students Called to Active Military Duty

Trinity students called to active military duty have the following options:

1. Receive course grades for the current semester, or extensions for all courses, if approved by your professors.
2. Receive administrative drops with a refund for some courses and grades/extensions in other courses, if approved by your professors.
3. Withdraw from all current semester courses with a full refund of tuition and fees.

Contact the University Records Office for information on the procedures to follow and departments to inform in the event of call to active military duty.

Statute of Limitation for Program Completion, Program Extension, and Program Readmission

Program Completion

The Statute of Limitation, which is the maximum length of time permitted for completion of a program, is six years from the date of admission for all MA programs in the Trinity Graduate School. When the statute of limitation is reached, the student is administratively withdrawn from the program and a hold is placed on further registration unless a program extension request is granted and is on file with the Records Office.

Program Extension

A program extension request is considered by petition to the TGS Council and generally does not add more than two years to a program's statute of limitation. Petitions should be filed at least one semester before the statute of limitation ends and show consistent evidence of program progress and a definitive plan for program completion. Students granted program extension will be required to pay continuation fees (see "Continuation Fees" elsewhere in this catalog).

Program Readmission

Students who withdraw from Trinity without completing their program and desire to reapply may make application for readmission under the current catalog. Readmission is not guaranteed. A written statement outlining plans for program completion must accompany application materials. Readmission is solely for the program to which the applicant is making application.

Students who are readmitted to a program two years or more beyond their original statute of limitation date can expect to complete additional program hours and may have to retake a significant portion of the course work for the program. The conditions for readmission and program requirements will be determined on a case-by-case basis by the department or program director as applicable. These conditions will be outlined in the letter of readmission.

Transcripts and Records Retention

Admissions documents are retained for accepted students who do not enroll for two years and for those who enroll for a period of five years beyond the date of last attendance.

Academic records are retained permanently. Official student transcripts bear the seal of the school and are distributed in a sealed envelope. Students may request their academic transcript by presenting or mailing a Transcript Request Form to the Records Office or submitting a signed letter requesting the transcript. Official transcripts will be sent directly to an institution upon request or may be picked up in the Records Office. Downloadable forms and complete instructions for these options are available at www.tiu.edu/tiu/records/transcriptinfo. Unofficial transcripts are also available and may be faxed.

Allow ten business days for completion of transcript requests. Transcripts are not issued for students who have outstanding accounts unless payment arrangements have been made. Consult the Catalog or the Records Office for fees for transcripts.

Master's Programs

Degrees Offered by Trinity Graduate School

Master of Arts in Bioethics (MA/BE)

Master of Arts in Cultural Engagement (MA/CE)

Master of Arts in Counseling Psychology (MA/CP)

Master of Arts in Teaching (MA/T)

Master of Education in Instructional Leadership (MEd/L) (not offered this year)

Deerfield Campus

The Trinity Graduate School is currently offering four master's-level degrees at the Deerfield location. The Master of Arts in Bioethics (MA/BE) and the Master of Arts in Cultural Engagement (MA/CE) are 30-semester-hour degrees that have many courses available in short-term, summer, or independent study formats to accommodate professionals unable to relocate to the Deerfield Campus.

The MA in Bioethics is for those who wish to develop expertise in analyzing, addressing, and engaging the contemporary ethics issues of life and health that face our current culture. The MA in Cultural Engagement (MA/CE), designed to equip students to engage the contemporary culture, is flexible in that it offers students many ways to complete the degree according to their individual focus and needs.

Trinity Graduate School also offers the Master of Arts in Teaching (MA/T). This is an accelerated, cohort-based program (offered one night per week and some Saturdays) designed to meet the needs of adult, independent learners. The MA/T leads to teacher certification in either elementary or secondary education.

Dual Degree Option: Trinity Graduate School, in conjunction with Trinity College, offers three dual degree options: Bachelor of Arts/Master of Arts in Bioethics; Bachelor of Arts/Masters of Arts in Cultural Engagement; and Bachelor of Arts/Master of Arts in Teaching. Students can be admitted to these programs when they have completed 70 hours of undergraduate course work, maintaining a 3.0 cumulative GPA or higher (including transfer course work). Following admission, they may begin taking graduate courses during the regular school year as a part of their undergraduate course load. For students in the Bioethics or Cultural Engagement degrees, summer course work and 9 hours of overlapping master's-level courses may allow dual degree students to finish both the BA and MA in reduced time, in some cases as early as the summer following their senior year. For students in the teaching dual degree, 9 hours of overlapping master's-level courses can be taken beginning in their junior year. Students continue with a graduate education cohort in the summer, fall, and spring following graduation from Trinity College. Students who have successfully completed clinical practice and met all Division of Education requirements will be state certified in May of their fifth academic year. With completion of the capstone project in the summer following certification, dual degree students will have earned their MA degree (December graduation).

To complete the BA, the following 9 hours of undergraduate courses may be fulfilled by the designated graduate-level course work:

- **BI 101 Understanding the Old Testament or BI 111 Understanding the New Testament:** ID 5001 Foundations of Integrative Thought (3 hours) replaces either BI 101 or BI 111 in general education category *Foundations of Christian Thinking and Living*.
- **Religious and Ethnic Diversity:** ID 5002 Foundations of Cultural Engagement (3 hours) replaces one course in the Religious and Ethnic Diversity subcategory under Foundations of Cultural and Global Perspective.
- **Any Approved Undergraduate major, general education, or elective course:** (3 hours) of graduate credit can replace 3 hours of undergraduate credit.

Florida Regional Center

The Master of Arts in Counseling Psychology (MA/CP), a 54- or 60-semester-hour degree (depending on concentration selected), is offered through Trinity Graduate School at the Florida Regional Center in Davie, Florida. This degree has two concentrations: Mental Health Counseling, which is designed to lead to licensure as a mental health professional; and Guidance and Counseling, which is designed to allow students to enter the field of school guidance and counseling.

Master of Arts in Bioethics (MA/BE)

Mission Statement

The MA in Bioethics (MA/BE) equips students to analyze bioethical issues in health care and biotechnology and to engage bioethical challenges in relevant contexts.

Program Objectives

Students graduating from the MA/BE program will be able to

- Understand the current and emerging bioethical issues in health care and biotechnology
- Discern the differences among competing contemporary approaches to ethics and bioethics
- Engage bioethical challenges in clinical health care and public policy contexts
- Employ culturally-sensitive biblical and theological frameworks for addressing issues in bioethics
- Be integrative thinkers who see beyond individual bioethical issues to deeper questions that underlie the bioethics field as a whole

The MA in Bioethics (MA/BE) is designed with various groups of students in mind including the following: physicians and medical students, nurses, and other health care workers; lawyers; those with political, public policy, social service, and ministry interests in pro-life and related areas; individuals who are preparing for an academic career in related college or university fields; and those interested in educating and engaging various constituencies through nonprofit organizations. The program is particularly well suited for those with professional or other responsibilities who need a flexible 30-semester-hour program. There is also a double degree option for Trinity Evangelical Divinity School students and a dual degree option for Trinity College undergraduates. By enrolling in web seminar courses, mentored and independent study work, and as few as two several-day campus courses, the program can be completed without relocating near the Deerfield, Illinois, campus. Alternatively, a complete on-campus program is also available.

BE 5100	Intensive Bioethics Institute (3 hours fulfills requirement; 4 th hour elective)	3-4 hours
BE 5299	The Clinical Context	1 hour

BE 5400	Nursing Ethics	2 hours
BE 5499	The Public Policy Context	1 hour
BE 5600	Law and Bioethics	2 hours

BE 6600	Classic Cases in Bioethics	3 hours
BE 6700	Personhood in Theological and Philosophical Perspective	3 hours
BE 7700	Bioethics Seminar	1-4 hours

Required Capstone Experience (0-4 hours):

Preparation for work in the field of bioethics should include at least one endeavor that is not merely focused on a particular bioethical issue but is integrative in nature, encompassing multiple issues. The capstone course can involve taking a comprehensive exam in which broad essay questions allow the student to demonstrate a grasp of the field as a whole, writing an integrative paper, or developing a special project, such as a bioethics curriculum, sermon/talk series, or a written reflection on a clinical, public policy, or focused bioethics internship experience. The paper or project can be done to fulfill an assignment in a noncapstone course in which case the student registers for a 0-hour capstone course in the same semester as the other course. Alternatively, students may write a formal master's-level thesis.

However the student chooses to meet the capstone experience requirement, **all students must register** for course credit under one of the following course numbers: BE 7476 Capstone Comprehensive Examination (0 hours); BE 7478 Capstone Project (0-3 hours); BE 7480 Capstone Integrative Paper (0-3 hours); or BE 7485 Bioethics Thesis (0-4 hours). Students should register for BE 7476, 7478, 7480 in the semester they intend to start the project or paper or take the comprehensive exam. Students should register for BE 7485 in the semester after the thesis proposal has been approved. A research methods course (ID 6910) is required of all students completing the MA degree with the thesis option. It does not count toward the 30-hour program requirement. Students making progress toward completion of a capstone (other than the comprehensive examination) but unable to finish in a single semester, can apply for a capstone extension. They must then register for BE 7486 Bioethics Capstone Extension. Capstone extension fees will be assessed.

The capstone experience must be completed subsequent to candidacy and is supervised by a faculty member. (A list of acceptable faculty members is available at the Records Office.) An Independent Study Authorization form (available at the Dean's Office or online at MyTrinity) must be filled out as part of registering for all capstone and guided research (BE 7501) courses. Students opting to write a formal master's thesis should be aware of pertinent deadlines well in advance (see [Academic Handbook](#)).

Course Sequencing:

Either BE 5000 (Introduction to Bioethics) or BE 5100 (Intensive Bioethics Institute) must be taken before BE 6500 (Advanced Bioethics Institute). When the Advanced Clinical Ethics is offered as a BE 7700 seminar, only those who have completed BE 5300 (Issues in Clinical Ethics) can take it. It is recommended that the four foundational courses—ID 5001, ID 5002, PR 7220, and either BE 5000 or BE 5100—be taken before other bioethics courses. Professors teaching other bioethics courses will assume that all students in those courses will have either taken these four courses or at least read the appropriate text for each of those courses not yet taken. A list of the required texts for these courses may be found at **MyTrinity > TGS Academics > Bioethics**.

Double Degree

Trinity Graduate School Master of Bioethics paired with a Trinity Evangelical Divinity School either Master of Divinity or Master of Arts in Christian Studies

Students in the Master of Divinity (MDiv) or Master of Arts in Christian Studies (MA/CS) can add an MA in Bioethics without substantially lengthening their stay at Trinity. There is a rapidly growing need in the church for leadership to address bioethical challenges in the lives of individuals, families, communities, and the larger world. Such leaders ideally need more theological preparation than a bioethics degree alone can provide, and they need more training

in bioethics than the Master of Divinity (MDiv) or Master of Arts in Christian Studies (MA/CS) degree can provide. Moreover, there is a societal movement toward requiring a credential, such as a bioethics master's degree, for individuals involved in bioethical decision making in health care (including chaplains and pastors), public policy, education, and other public arenas. In light of Trinity's global leadership role in bioethics, the ability of students to add the MA/BE degree/credential to their MDiv or MA/CS degree, the "double degree," is an attractive option for Trinity students. The MDiv (94 hours) and MA/CS (42 hours) degree programs are explained in the catalog of Trinity Evangelical Divinity School.

Major Features of the Double Degree

- Only 15 hours of master's-level course work in bioethics beyond the MDiv or MA/CS degree is required.
- Students can participate in the May Commencement for both degrees at the end of their final MDiv or MA/CS year (assuming no more than 6 hours remain to be completed in the summer that follows).
- The MDiv or MA/CS capstone course will fulfill the capstone requirement for the MA/BE degree as well.
- MDiv students will complete the requirement of ID 5001, ID 5002, and PR 7220 by taking all of the MDiv required courses.
- MA/CS students will complete the equivalent of ID 5001, ID 5002, and PR 7220 as long as they take PR 7220 as part of their Theological Studies requirement for the MA/CS degree; therefore, they will not need to take ID 5001, ID 5002, and PR 7220 for the MA/BE degree.
- Six of the elective hours in their MDiv or MA/CS program should be BE courses. (If fewer than 6 hours are taken there, then the missing hours can be added to the 15 hours needed to complete the MA/BE degree.)
- The following courses **must be taken** as part of the 15 BE hours:
 - BE 5000 Introduction to Bioethics **or** BE 5100 Intensive Bioethics Institute (3 hrs.)
 - BE 5300 Clinical Issues in Bioethics (2 hrs.)
 - BE 5500 Bioethics and Public Policy (2 hrs.)
 - BE 6100 Bioethics Colloquium (1 hr.)
 - BE 6500 Advanced Bioethics Institute (3 hrs.)

Model Curricular Plan for the Double Degree Program

The actual curricular plan will vary with individuals. In this model curricular plan, students in the Double Degree would take the following courses:

Any fall before the final year of MDiv or MA/CS studies:

BE 5000 Introduction to Bioethics 3 hrs. (as part of MDiv or MA/CS degree)

Any summer before the final year of MDiv or MA/CS studies:

BE 5900 Bioethics National Conference Course (3 hrs.)

BE 7700 Bioethics Seminar (3 hrs.)

Any spring of the final year of MDiv or MA/CS studies:

BE 5300 Clinical Issues in Bioethics (2 hrs.)

BE 5500 Bioethics and Public Policy (2 hrs.)

BE 6100 Bioethics Colloquium (1 hr.)

BE 5299 or BE 5499 The Clinical Context and/or The Public Policy Context (1-2 hr.)

Note: These last two courses provide remedial background understanding for BE 5300 and BE 5500. If both are needed and are taken in the spring, one less hour can be taken the following summer. Three of the 6 hours this spring are part of the MDiv or MA/CS degree.

In the summer after the final year of MDiv or MA/CS studies:

BE 6500 Advanced Bioethics Institute (3 hrs.)

BE 5900 Bioethics National Conference Course (3 hrs.) (repeatable)

Bachelor of Arts/Master of Arts in Bioethics Dual Degree

Trinity Graduate School and Trinity College offer a dual Bachelor of Arts/Master of Arts Degree that pairs an MA in Bioethics with an undergraduate degree in any major. This opportunity is open to qualified students in any undergraduate major but may have special appeal for students with the following majors or interests: premedical, prehealth, psychology, philosophy, law, public policy, communications, theology, business, Christian ministries, and education.

In this program, an undergraduate student may earn a graduate degree as early as the summer following the senior year by taking graduate-level courses beginning the junior year. Nine hours of course work from the MA counts toward the BA. These 9 overlapping hours are taken as part of the undergraduate load. (See the dual degree model outlined below.) Providing graduate course work is begun in the summer after the junior year, completion of both the BA and the MA can be accomplished as early as the summer following the senior year.

Qualified applicants must have a Trinity GPA of 3.0 on a 4.0 scale and 70 hours of undergraduate course work. Students may apply for acceptance to the Dual Degree program through Trinity Graduate School and a positive recommendation from their academic advisor. Transfer students may apply for the program if they have 70 hours of undergraduate course work, a positive recommendation from a former professor or their academic advisor, a 3.0 GPA for all transferred college work, and a 3.0 in Trinity course work. Students interested in the dual degree are advised to notify their advisors and the associate dean of TGS as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Model Curricular Plan for the Dual Degree

Course descriptions for undergraduate courses are listed in the [Trinity College Catalog](#). Course descriptions for graduate courses are listed in the Trinity Graduate Catalog (see Course Descriptions). The following is a *sample course plan* for the dual degree. Plans may vary for individual students. Students are expected to consult with their undergraduate and graduate advisors to make individual adjustments to the curricular plan as necessary.

Freshman, Sophomore, and Junior years:

Undergraduate Course Work:

- BI 101 Understanding the Old Testament OR BI 111 Understanding the New Testament
(Note: ID 5001 substitutes for one of these courses)
- BI 210 Biblical Interpretation
- PH 180 Introduction to Philosophy
- BIO 111 General Biology or BIO 103 Introductory Biology
- Other general education courses and required major courses

Undergraduate general education requirements that will be fulfilled by graduate-level courses and need not be duplicated with undergraduate work:

- **BI 101 Understanding the Old Testament or BI 111 Understanding the New Testament:** ID 5001 Foundations of Integrative Thought (3 hours) replaces either BI 101 or BI 111 in general education category *Foundations of Christian Thinking and Living*.
- **Religious and Ethnic Diversity:** ID 5002 Foundations of Cultural Engagement (3 hours) replaces one course in the *Religious and Ethnic Diversity* subcategory under *Foundations of Cultural and Global Perspective*.
- **Any Approved Undergraduate major, general education, or elective course:** (3 hours) of graduate credit can replace 3 hours of undergraduate credit.

Each spring semester, students are invited to participate in the series of three evening bioethics colloquia.

Service Learning Requirement:

Students can fulfill Trinity College's Service Learning Requirement by working with The Center for Bioethics and Human Dignity during the summer National Bioethics Conference, with optional free attendance at the conferences in the summers following the freshman and sophomore years.

Junior Year:

Upon completion of 70 hours with a 3.0 GPA, students must submit an application and letter of recommendation to Trinity Graduate School Admissions to be accepted to the Dual Degree program.

Summer before Senior Year:

Graduate Course Work:

- BE 5100 Intensive Bioethics Institute (4 hours)
- BE 5900 Bioethics National Conference (3 hours)
- BE elective, ID 5001 or ID 5002 (if offered) (3 hours)

Senior Year:

Complete course requirements for general education and major. A full academic course load must include at least 12 hours of graduate and undergraduate courses per semester.

Fall Semester Graduate Course Work:

- ID 5001 Foundations of Integrative Thought (3 hours)

ID 5002 Foundations of Cultural Engagement (3 hours)
 PR 7220 Ethical Theory (3 hours)
 BE elective courses if needed to fill schedule (3 hours)

Spring Semester Graduate Course Work:

BE 5299 The Clinical Context (1 hour) (optional)
 BE 5300 Clinical Issues in Bioethics (2 hours)*
 BE 5499 The Public Policy Context (1 hour) (optional)
 BE 5500 Bioethics and Public Policy (2 hours)*

*NOTE: Students relatively unfamiliar with clinical-medical and/or public policy settings will need to use one or two of their elective hours in order to take the background courses BE 5299 and/or BE 5499 either concurrently or during the previous semester. Additional hours taken in this way can be balanced by a reduction of one hour in a summer institute or summer elective course.

The capstone can involve taking a comprehensive exam in which broad essay questions allow the student to demonstrate a grasp of the field as a whole, writing an integrative paper, or developing a special project. Alternatively, students may write a formal master's-level thesis. The capstone experience for students completing an emphasis will address issues in the context of their emphasis. The paper or project can be done to fulfill an assignment in a course.

However the student chooses to meet the capstone experience requirement, **all students must register** for course credit under one of the following course numbers: CE 7476 Capstone Comprehensive Examination (0 hours); CE 7478 Capstone Project (0-3 hours); CE 7480 Capstone Integrative Paper (0-3 hours); or CE 7485 Cultural Engagement Thesis (0-4 hours). Students making progress toward completion of a capstone (other than the comprehensive examination) but unable to finish in a single semester, can apply for a capstone extension. They must then register for CE 7486 Cultural Engagement Capstone Extension. Capstone extension fees will be assessed.

The capstone experience must be completed subsequent to candidacy. This requirement is supervised by a faculty member. (A list of acceptable faculty members is available at the Records Office.) An Independent Study Authorization form (available at the Records Office or online at MyTrinity) must be filled out as part of registering for all capstone and guided research (CE 7501) courses (available from the Deans Office or online at MyTrinity). Students opting to write a formal master's thesis should be aware of pertinent deadlines well in advance (see [Academic Handbook](#)).

Required Colloquia Participation

MA/CE students are required to attend three program colloquia inclusive of the annual Areopagus Symposium. By special invitation from the program director, excellent student research may be presented. In this event, the student presenting the research will be required to attend two additional colloquia. The colloquium may be taken for credit (CE 6100) in which case attendance to all presentations in that semester will be required.

BA/MA Dual Degree in Cultural Engagement

Trinity Graduate School and Trinity College offer a dual Bachelor of Arts/Master of Arts Degree that pairs an MA in Cultural Engagement with an undergraduate degree in any major. This opportunity is open to qualified students in any undergraduate major and may have special appeal for students with the following majors or interests: psychology, philosophy, law, public policy, communications, theology, business, Christian ministries, and education.

The MA in Cultural Engagement offers emphases in religious studies, human rights, and social entrepreneurship.

In this program, an undergraduate student may earn a graduate degree as early as the fall following the senior year by taking graduate-level courses beginning the junior year. Nine hours of course work from the MA counts toward the BA, reducing the required hours for the BA from 126 to 117. These 9 overlapping hours are taken as part of the undergraduate load, resulting in a savings of graduate tuition. Graduate course work is begun in the summer after the junior year, allowing completion of both the BA and the MA as early as the fall following the senior year.

Qualified applicants must have a Trinity GPA of 3.0 on a 4.0 scale and 70 hours of undergraduate course work. Students may apply for acceptance to the Dual Degree through the Trinity Graduate School and a positive recommendation from their academic advisor. Transfer students may apply for the program if they have 70 hours of undergraduate course work and a positive recommendation from a former professor or their academic advisor and a 3.0 GPA for all transferred college work and 3.0 in Trinity course work. Students are advised to apply to the program as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

BA/MA Dual Degree in Teaching/Secondary

Trinity Graduate School and Trinity College offer a dual Bachelor of Arts/Master of Arts in Teaching degree that pairs an MA in Teaching with an undergraduate degree in biology, English, history, or mathematics. This opportunity is open to candidates who wish to pursue secondary teaching.

Interested students are advised to discuss the program with their advisors (subject-area and education) as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled. To be formally admitted to the dual degree, applicants must have a Trinity GPA of 3.0 on a 4.0 scale and 70 hours of undergraduate course work. Applicants must also be recommended by their subject-area and

education advisor and receive a positive recommendation from the Division of Education entrance interview. Transfer students may also apply for the program; in addition to the qualifications above, the student must have a 3.0 GPA for all transferred college work, as well as a 3.0 in Trinity course work.

In this program, an undergraduate student earns an undergraduate degree in the subject area (biology, English, history, or mathematics). Nine hours of course work from the MA counts toward the BA, reducing the required hours for the BA from 126 to 117. These 9 overlapping hours are taken as part of the undergraduate load resulting in a savings of graduate tuition. The graduate degree may be completed one year later by completing graduate courses over the summer, fall, and spring semesters following TC graduation. (The candidate is eligible for state teacher certification upon completion of student teaching and all Division of Education requirements). Upon completion of the capstone project over the summer or fall semester, the candidate can complete the MA degree as early as December of the year following undergraduate degree completion.

For details regarding the specific undergraduate courses required for the BA/MA in Teaching dual degree, please refer to the Trinity College Catalog. Students interested in this program should consult with the Division of Education or the MAT program director.

Master of Education in Instructional Leadership (MEd/L)

Program not being offered this year

Courses

Course Numbers

Courses are designated by a letter-number combination that identifies the area of study and the level at which the courses are offered. All courses are graduate level, except 4000 series numbers that are considered undergraduate level.

5000, 6000, and 7000-7499 course offerings are intended for MA students. Note that due to the interdisciplinary nature of the graduate school curriculum, course numbering does not necessarily demonstrate a sequential order in which courses should be taken.

7500 through 8999 numbered courses denote advanced master's courses.

Listing of a course does not guarantee that it will be offered in the current year. Where possible, courses offered in alternate years or on demand have been noted accordingly. Trinity reserves the right to withhold from the schedule any course not required for graduation whenever the student demand is insufficient to warrant its being offered. Courses indicated "Offered on demand" are scheduled when a sufficient number of students present a timely written request to the appropriate department chairperson. Further information may be obtained from the office of the Dean.

Courses listed in this catalog include those drawn from other schools of the university and are subject to change through normal academic channels. New courses and changes in existing courses are initiated by the program faculty and approved by the Trinity Graduate School Council and the Academic Council of Schools.

Course Number Suffix

On the student's permanent academic record various letters will be appended to course numbers as follows:

"R" indicates that a catalog course is not offered during a given semester and therefore taken on a Reading basis under the individual direction of a faculty member. The number — 7501 (Guided Research) course in each program is similarly available for courses that are not listed in the catalog.

Credit Hours

Academic credit is indicated in terms of semester hours. In certain academic programs where prior approval has been granted by specific action of the faculty, courses may be offered for a different number of semester hours than those listed in the catalog course description.

Course Descriptions

Courses described in the Trinity Graduate School catalog are offered on a rotating basis, or upon sufficient demand, and may not all be offered during a student's period of residency. The courses listed are offered in Deerfield, unless otherwise indicated under the respective programs or emphases.

Academic Integrity

The community at Trinity International University promotes a commitment to integrity in all areas of life. Academic integrity is essential in the search for and promotion of truth. This pursuit of truth, while being an important goal in itself, is integral to other essential beliefs foundational to the Trinity community: (1) all individuals, being in the image of God, are to be respected for their intellectual contributions; (2) the use of one's God-given talents is the responsibility of every individual, and, for the Christian, excellence is a sacrifice to the Lord Jesus Christ to the glory of God; and (3) relationships within our community are to be nurtured in an environment of trust.

Therefore, plagiarism and cheating in any form will not be condoned within the Trinity community. Plagiarism, whether intentional or indirect, gives the impression that the words or ideas in a person's writings are one's own, whereas in reality they are taken from someone else's written or oral presentation(s), even when a reference to the original source is made in footnotes or bibliography. Cheating is an expression of fraud and deception, as the student gives the impression of doing better on assignments, quizzes or exams than he or she deserves.

Plagiarism and cheating have a negative effect on the Trinity community in that they do not promote truth, they break the relationship of trust, they do not encourage the individual to develop his or her creative talents, and they erode the moral fiber so vital in an academic community. For a further description, see the *Graduate Student Handbook*.

Any student who breaks the standard of academic integrity by cheating or plagiarism will be dealt with severely by the faculty and staff and will be reported to the Dean of Students. The result may be failure of the course, expulsion from the institution, or a revocation of a degree already granted by Trinity.

Acceptable Use Policy Summary for Technology and Telecommunication Systems

The following summarizes major points contained in the Acceptable Use Policy. Students are responsible for abiding by the complete text contained within the "Terms and Conditions for University Technology and Telecommunications Systems—Acceptable Use Policy." For the complete text, please visit [MyTrinity](#) > Information Technology. This policy supersedes all other policies and applies to all individuals with respect to the acceptable use of University networks, phone systems, computer systems, and technology.

The University network and systems are to be used primarily for activities related to the educational mission of the University. Personal use of the network is limited to e-mail and browsing web pages, providing such use complies with these Terms and Conditions and does not, at the University's discretion, utilize excessive capacity of resources, or in the case of employees, interfere with the employee's work. For any other personal use, written approval is required from the Graduate Student Affairs Office.

Computer login and phone PIN (Personal Identification Number) account holders are responsible for any activity originating from their accounts. Your computer and account may be used:

- For authorized network access to university systems and resources that are used for curricular, academic, and administrative activities
- For e-mail and access to worldwide web pages

Official notifications made by University offices are increasingly made using e-mail, rather than by paper memos sent through the University mail services. E-mail used for such notifications will be delivered to the recipient's University e-mail account. **Employees and students are expected to read their University e-mail and are strongly encouraged to use their University e-mail accounts for all communication within the University to ensure reliable and secure delivery.**

University personnel can and will access files when necessary for maintaining the University network and computer systems. Every effort will be made to respect the privacy of user files, and the contents of user files will be examined only when it is required by law or by the policies of the University.

Individuals may not use University computers, networks, system resources, and phones:

- For commercial or business purposes
- For accessing or distributing defamatory, abusive, obscene, sexually oriented/ pornographic, threatening, racially offensive or illegal material. Any access to such materials by way of the University Internet connection will be blocked, logged, and reported
- For any activity which interferes or inhibits the use of the network or University systems by others

- To connect nonauthorized private networks. University networks may not be modified, extended, or used in any manner that violates a federal, state, or local law or a University policy

Additionally, individuals may not use University computers, networks, and system resources:

- For unauthorized browsing or exploring, or making other unauthorized attempts to view data, files, or directories belonging to TIU or to other users
- To transmit, use, or serve unauthorized software
- To violate copyrights of documents or media
- For misuse of message boards or any web-based community
- For computer tampering or unauthorized alteration of data, identification, or credentials
- For introducing deviant software (viruses, worms, etc.) into the University network and systems

Students and employees who do not comply with the “Terms and Conditions for University Technology and Telecommunications Systems—Acceptable Use Policy” are subject to disciplinary action. The University reserves the right to cooperate fully with local, state, and federal officials in investigations relating to information accessed or distributed using University computing systems, the University network, the University phone system, or the University Internet connection.

Auxiliary Aids and Services for Students with Disabilities

In compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA), it is the policy of the Graduate School to provide effective auxiliary aids, services, and academic adjustments to qualified students with disabilities. The Associate Dean of Students acting as the institution’s ADA coordinator assists students with disabilities in obtaining auxiliary aids and services. The Associate Dean of Students in consultation with the faculty member(s) involved assists students with disabilities by making academic adjustments. Academic adjustments are determined on a case-by-case basis and are subject to review by the Dean.

It is the policy of the Graduate School as outlined by the ADA to require from the students supporting diagnostic test results and professional prescriptions for auxiliary aids and services, particularly for those students with hidden disabilities. Documentation for medical/physical disabilities may be satisfied by a physician’s statement that includes, but is not limited to, description of the disability and the limitations it poses for the student. Documentation for hidden disabilities, such as specific learning disabilities, poor hearing, or impaired vision, may include the results of medical, psychological, or emotional diagnostic tests, or other professional evaluations to verify the need for auxiliary aids, services, or academic adjustments.

For students with specific learning disabilities, the following is considered reasonable documentation:

1. It must be prepared by a professional qualified to diagnose a learning disability, including but not limited to, a licensed physician, learning disability specialist, or psychologist.
2. It must include the testing procedures followed, the instruments used to assess the disability, the test results, and an interpretation of the test results. If, for example, the disability requires additional time for taking examinations, documentation must state the specific amount of time needed.
3. It must reflect the student’s present achievement level, be as comprehensive as possible, and dated no more than three years prior to the student’s request for auxiliary aids, services, or academic adjustments. Extenuating circumstances may justify reliance on older documentation. The achievement test should sample reading, math/reasoning, writing, adequately measure cognitive abilities using the Wechsler Adult Intelligence Scale—Revised or equivalent, and adequately measure academic achievement using the Woodcock-Johnson Part II, Wide Range Achievement Test, Nelson-Danny, or equivalent.
4. It must include test results for the following characteristics: intelligence, vocabulary, reading rate, reading comprehension, memory, and processing skills. The diagnosis must conform to federal and state regulations.

Students with disabilities who believe that their request for auxiliary aids, services, or academic adjustments have not been appropriately addressed by the Dean of Students, should direct their concerns to the Senior Vice President for Student Affairs or, in his or her absence, to the Executive Vice President/Provost.

Copyright Policy

The Copyright Permissions Act of 1976 as it may have been or will be amended from time to time requires that permission to reproduce copyrighted materials be obtained from the copyright owner except under very limited circumstances. Faculty, staff, and students of Trinity are expected to comply with the provisions of the state and federal intellectual property laws, such as the Copyright Act. Procedures for obtaining copyright permissions for course materials have been established and should be followed. Copies of this procedure and other information

explaining the Copyright Permissions Act as it pertains to copying both course materials and material for personal use are available through the Dean's Office.

Drug-free Environment

Trinity is committed to the maintenance of a drug-free environment. We believe that the implementation of a drug-free environment is for the protection of students and employees of Trinity, and we have established the following policy designed to maintain such an atmosphere:

1. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited on the campus in general.
2. Employees or students found to be in violation of a drug-free environment will be subject to appropriate action, including termination or expulsion.
3. If an individual becomes aware of a violation of this policy, he or she is encouraged to report it to the Dean of Students immediately so that the matter can be investigated promptly.

Family Educational Rights and Privacy Act of 1974

The purpose of the Family Educational Rights and Privacy Act of 1974 (Public Law 93-380) is to ensure access to educational records for students and parents while protecting privacy of such records and to control the careless release of educational information.

In accordance with requirements established by the Act also commonly known as the "Buckley Amendment," Trinity International University hereby provides notice of intention to comply fully with the Act and also provides notice to students of their rights under the Act.

In general, the purpose of the Act is to give presently or formerly enrolled students access to their individual educational records maintained at Trinity and to protect such students' right to privacy by limiting the transfer of their records without their consent. "Educational records" are defined as those records, files, documents, and other materials directly related to a student that are maintained by Trinity, or by a person acting for Trinity, in the normal course of business. The Records Office has a full copy of the Act should you desire to review it in full.

The Act clarifies that an institution is not required to grant access to students to certain materials, including the following:

1. Private notes and other materials created by Trinity's personnel, provided they are not revealed to another individual.
2. Medical, psychiatric, or similar records created or maintained by a physician, psychiatrist, or psychologist (or other recognized professional acting in such capacity) that are used solely in connection with treatment purposes and only available to recognized professionals in connection with such treatment (provided, however, that a physician or other appropriate professional of the student's choice may review such records).
3. Law enforcement records, which are kept separate from educational records, are maintained for law enforcement purposes only and are available only to law enforcement officials. (In each case, student access to such records is at the sole discretion of the individual who maintains these materials.)

It should also be noted that the Act specifically indicates that the legislation does not alter the confidentiality of communications otherwise protected by law. To ensure that the school does not compromise the rights of individuals enjoyed prior to the enactment of the legislation, students and alumni will not be permitted access to materials of an evaluative nature that were received or placed in files prior to November 19, 1974.

Additionally, as provided by the Act, students shall not have the right to see confidential letters and statements of recommendation placed in educational records prior to January 1, 1975, provided that they are used only for the purposes for which they were intended. The Act further stipulates that students do not have the right to see financial records of their parents.

As provided by the legislation, students may voluntarily waive their rights of access to confidential recommendations on or after January 1, 1975, in three areas: admissions, job placement, and receipt of awards. Under no circumstances, however, can a student be required to waive this right.

The legislation also makes clear that the parent or legal guardian of a dependent student, as defined for federal Income Tax purposes, has a right to information about his or her child without the school's having to seek the student's consent. Thus, upon the written request of a parent or legal guardian of a dependent student, the school will honor this right to the extent that it is required by law.

As provided by the Act, the school retains the right to publish at its discretion the following categories of information with respect to each student presently or previously attending the school: the student's name, address, telephone

listing, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, class level, honors, certificates, degrees and dates conferred, and the most recent previous educational agency or institution attended by the student. Students have a right to inform the school within a reasonable period of time that any or all of this so-called "directory information" should not be released without their prior consent. Requests by the student to suppress from public distribution the above-mentioned information are to be made annually.

As required by the Act, the school hereby provides public notice of its intention to publish this type of information in the annual directory.

In complying with the legislation, the school has adopted the procedures and policies below, in addition to those noted on the previous page:

- A. Except for those parties stated below, no one shall have access to education records without the written consent of the student concerned. The exceptions to the consent requirement are as follows:
1. Other university officials, including faculty, who have legitimate educational interests
 2. Officials of other schools or school systems in which the student intends to enroll, upon condition that the student is notified of the transfer, receives a copy of the record if desired, and has an opportunity for a hearing to challenge the content of the record
 3. Those representatives of the federal government and the state who are identified in the "Act," provided that any data so released are not to include information (including social security numbers) that would permit the personal identification of the students unless otherwise specifically provided by federal law
 4. Those who serve in connection with the student's application for, or receipt of, financial aid
 5. State and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to state statute adopted prior to November 19, 1974
 6. Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations, and such information will be destroyed when no longer required for the purpose for which it is conducted
 7. Accrediting organizations in order to carry out their accrediting functions, or by the dean of students or the emergency dean, designated to act in an emergency to protect the health or safety of the student or other persons
 8. To parents of a dependent student as defined in Section 152 of the Internal Revenue Code
 9. To comply with a judicial order or lawfully issued subpoena, subject to the notice provisions of the law
 10. In connection with a health or safety emergency
 11. Information that has been designated as "directory information"
 12. To the parent of a student who is not an eligible student or to the student
 13. To an alleged victim of any crime of evidence, as that term is defined in Section 16 of Title 18, United States Code, of the results of any disciplinary proceeding conducted by an institution of postsecondary education against the alleged perpetrator of that crime with respect to that crime
- B. Records (usually only transcripts) released to any organization, agency, or individual at a student's request shall be transmitted with a notice informing the recipient that such information is released only on the condition that the recipient will not permit any other party to have access to such information without the written consent of the student.
- C. Each office that maintains education records shall maintain a record for each student that shall list all individuals (except institution officials described above), agencies, or organizations that have requested or obtained access to such student's education record.
- D. A student may inspect material belonging to his or her education record solely at the office that is responsible for maintaining such information. Any Trinity employee may require that the student inspect that record only in the presence of the professional or staff person qualified to assist in interpreting the information.

Each Trinity department has the ultimate responsibility for establishing appropriate procedures; however, each Trinity department has been instructed to ask that the student's request be made in writing and, where appropriate, in person. On request, the student may be required to identify him- or herself in filing a request prior to having access to his or her records. The student is obligated to examine the record during reasonable hours at the place the record is maintained and not to interfere with the operation of the office in which the record is being maintained. Under the Act, the school has forty-five days from the time of request until it must comply with the request.

Copies of records accessible to students shall be transmitted to the student upon payment of the established fee for issuing such copies. The Act does not preclude the school's right to destroy any records if not otherwise precluded by law, unless prior to destruction the student has requested access. In fact, there is general encouragement to reduce the number of records so that destruction of records is consistent with the spirit of the law.

Firearms, Weapons, and Explosives

Possession of firearms, weapons, or explosives on campus are not permitted. Students who are found in possession of any type of firearm, weapon, or explosive are subject to immediate dismissal from the institution. This includes, but is not limited to, BB guns, paint ball guns, air-soft pellet guns, bows and arrows, ammunition, sling blades of more than four inches (excluding cutlery manufactured for cooking purposes for apartment residents), toy guns, and any other weapon of any kind or imitation thereof that could be used to cause fear or injury to another person.

Grievance Procedure for Discriminatory and Sexual Harassment Complaints

It is the policy of Trinity International University not to discriminate on the basis of age, disability, color, national origin, race, or sex in student admission and recruitment, educational policies, scholarship and loan programs, employment, and school-administered programs in accordance with applicable laws. It is Trinity's intent to comply with both the letter and the spirit of Title IX of the 1972 Education Amendments, of Title VI of the Civil Rights Act of 1964, of Section SOL of the Rehabilitation Act of 1973, and of all equal opportunity laws and regulations. In compliance with these provisions, we have established a set grievance procedure to be followed should a discriminatory or harassment situation occur. The Graduate Student Affairs Office has available for all students a written copy of the official grievance procedures to be followed and will be glad to assist students having questions or concerns regarding such matters.

Human Rights in Research

Trinity is concerned with the moral responsibilities involved in the rights and welfare of human subjects in all research, class projects and related activities. This concern includes the protection of rights to privacy, the need for informed consent, protection of confidential data, and protection against physical, psychological, spiritual, social and legal risks. The safe-guarding and confidentiality of records and data collected on individuals and groups, the use of such data by the investigator conducting the original research or by other investigators, and the use of the data at a later time are all within the scope of this policy.

To protect the rights of all human subjects in research carried out by TEDS/TGS faculty, staff, and students and to meet the standards required by governmental agencies, the institution has developed a Human Rights in Research policy and protocol that must be followed in conducting all research. Program handbooks contain the policy and procedures used for implementation.

Immunization Requirements

These requirements are designed to prevent the introduction and spread of vaccine-preventable diseases on our campus and the surrounding community. For more information regarding immunizations, contact the [Health Services Office](#) or go to www.tiu.edu/tiu/healthservices.

Posters and Notices

Students are permitted to post items (notices, advertisements, etc.) in designated locations on campus only if the posted item receives an approval stamp. To get an item approved for posting on the graduate side of campus, contact the Student Affairs Office, located in the lower Waybright Center.

Referenda and Petitions

Students wishing to initiate petitions or referenda are to work with the Dean of Students and the Graduate Student Government Association. All referenda and petitions must be submitted to the Dean of Students and approved by the President's Advisory Cabinet before being distributed or circulated. All items posted on campus by student must be approved and stamped by the Student Affairs Office.

Soliciting

No soliciting is permitted on campus and violations of this should be reported to the Dean of Students.

Student Loan Program Code of Conduct

Trinity International University (TIU) has adopted a Code of Conduct, in compliance with sec 487(a) (25) of the HEA of 1985.

The goal of the TIU financial aid office is to provide the highest quality service in the most efficient and timely manner possible, while upholding the mission of the institution, and acting in a matter with the integrity of a Christian institution. We willingly adhere to the following "Code of Conduct." All officers, employees and agents of Trinity International University willingly agree to adhere to the Code of Conduct.

1. TIU will not enter into a revenue-sharing agreement with any lender. A "revenue-sharing arrangement" is defined to mean any arrangement made between an institution and a lender under which the lender makes Title IV loans to students attending the institution (or to the families of those students), the institution recommends the lender or the loan products of the lender and, in exchange, the lender pays a fee or provides other material benefits, including revenue or profit-sharing, to the institution or to its officers, employees or agents.
2. TIU embraces a ban on the employees of the University receiving gifts from a lender, guaranty agency or loan servicer. No officer or employee of the TIU financial aid office, (or an employee or agent who otherwise has responsibilities with respect to educational loans) will solicit or accept any gift from a lender, guarantor, or servicer of education loans. A "gift" is defined as any gratuity, favor, discount, entertainment, hospitality, loan, or other item having monetary value of more than a de minimus amount. However, a gift does not include (a) a brochure, workshop, or training using standard materials relating to a loan, default aversion, or financial literacy, such as a brochure, workshop, or training; (b) food, training, or informational material provided as part of a training session designed to improve the service of a lender, guarantor, or servicer if the training contributes to the professional development of the institution's officer, employee or agent; (c) favorable terms and benefits on an education loan provided to a student employed by the institution if those terms and benefits are comparable to those provided to all students at the institution; (d) entrance and exit counseling as long as the institution's staff are in control of the counseling and the counseling does not promote the services of a specific lender; (e) philanthropic contributions from a lender, guarantor, or servicer that are unrelated to education loans or any contribution that is not made in exchange or advantage related to education loans; (f) State education grants, scholarships, or financial aid funds administered by or on behalf of a State.
3. TIU embraces a ban on contracting agreements. No officer or employee of University (or agent who otherwise has responsibilities with respect to education loans) will accept from a lender, or an affiliate of any lender, any fee, payment, or other financial benefit as compensation for any type of consulting arrangement or contract to provide services to or on behalf of a lender relating to education loans.
4. TIU embraces a prohibition against steering borrowers to particular lenders or the delay of loan certifications. For the first time borrower, TIU will not assign, through the award packaging or other methods, the borrower's loan to a particular lender. In addition, TIU will not refuse to certify, or delay the certification, of any loan based on the borrower's selection of a particular lender or guaranty agency.
5. TIU embraces a prohibition on offers of funds for private loans. TIU will not request or accept from any lender any offer of funds for private loans, including funds for an opportunity pool loan, to students in exchange for providing concessions or promises to the lender for a specific number of Title IV loans made, insured, or guaranteed, a specific loan volume, or a preferred lender arrangement. An "opportunity pool loan" is defined as a private education loan made by a lender to a student (or the student's family) that involves a payment by the institution to the lender for extending credit to the student.
6. TIU bans the use of staffing assistance from lenders. TIU will not request or accept from any lender any assistance with call center staffing or financial aid office staffing, except that provided by a lender that involves professional development training, educational counseling materials (as long as the materials identify the lender that assisted in preparing the materials), or staffing services on a short-term, nonrecurring basis during emergencies or disasters.
7. TIU adopts a ban on advisory board compensation. An employee of TIU who serves on an advisory board, commission, or group established by a lender or guarantor (or a group of lenders or guarantors) is prohibited from receiving anything of value from the lender, guarantor, or group, except for reimbursement for reasonable expenses incurred by the employee for serving on the board.

Title II Information

During the 2009-2010 reporting year, 77 candidates completed their approved program and were recommended by the Division of Education for initial state teacher certification. Seventy-six (76) candidates completed their professional semester of clinical practice. Each candidate, on average, completed 40 hours per week in the field over 14-15 weeks for an average of 560-600 clock hours of clinical practice. Of the 27 faculty who supervised candidates in clinical practice, 9 were full-time faculty within the Division of Education, 4 were part-time faculty members of the Division of Education but full time within the institution, and 14 were part-time faculty not otherwise employed by the institution. The resulting ratio of clinical practitioners to university supervisor was 2.81:1.

Of the 72 candidates who completed the Illinois Test of Basic Skills required before certification, 72 passed (100%). The statewide pass rate for the Illinois Test of Basic Skills was 100%. Of the 76 program completers who attempted the appropriate content-area test required for certification, 76 passed (100%). The statewide pass rate for the same content-area tests was 100%. Of the 76 program completers who attempted the appropriate Assessment of Professional Teaching test required for certification, 76 passed (100%). The statewide pass rate for the same Assessment of Professional Teaching tests was 100%.

Trinity Graduate School Application Instructions

Read through the following application instructions completely **before** filling out the application form. For your convenience and to save time, you may now apply online. Simply go to Trinity's web address, www.tiu.edu/apply, and follow the directions, or click [here](#). The application fee may also be paid online.

1. Application Deadlines

We use a rolling admissions process for all of our master's level applicants. However, we have established the following deadlines to allow the necessary time for review prior to the start of the semester:

	U.S. Citizens		International Applicants
August 1	Fall semester admission	April 1	Fall semester admission
December 1	Spring semester admission		(including summer session)
April 1	Summer session admission	September 1	Spring semester admission

Applications received after these deadlines may not be considered in the term for which originally applied, and no applications will be considered for a given semester after the second week of that semester.

2. Personal Statements

Be sure to enclose your typed personal statements, following the instructions on the application. Please put your name on the top right corner of each page. Personal statements may also be submitted on the online application.

3. Official Transcripts

An official transcript must come from each undergraduate school, seminary or graduate school you have attended, even though the work may appear as transfer credit on another transcript. In order to be considered official, transcripts should be sent directly to our Admissions Office in sealed envelopes from each school.

Note: For university course work done outside the U.S.A., students need to submit transcripts through a foreign credit evaluation service. The Admissions Office should receive a "course-by-course evaluation" or a "detail report." There are several such services that are acceptable, including

World Education Services (www.wes.org)

Educational Credential Evaluators, Inc. (www.ece.org)

International Education Research Foundation (www.ierf.org)

4. Recommendation Forms

All Applicants:

Please complete the Preliminary Recommendation Form online for each of your recommenders:

1. Provide your name and contact information, and your anticipated program of study.
2. Indicate which category the recommender fulfills, and list the recommender's name and contact information.
3. After submitting the form, hit the Back button on your browser and refresh the page.
4. Complete the form again each time for additional recommenders (see below for details).

All recommendations should be sent directly to the Admissions Office by the persons who complete them. We will send electronic Recommendation Forms to those individuals requested by the applicant. Please do not request recommendations from persons in your immediate family. Your recommenders should be people who know you well enough to provide specific examples to substantiate their recommendation. Application recommendations may also be used when awarding scholarships.

Please have recommendations submitted from the following three people:

1. Pastor or church official
2. A faculty member or administrator familiar with your recent academic work (undergraduate or graduate)

Note: If you cannot locate one of your professors to submit a recommendation, please submit another one from the list.

3. An employer, professional acquaintance, or lay leader in your church

5. Standardized Tests

GRE or Miller Analogies Test

A GRE or Miller Analogies Test (MAT) score is only required for applicants with a GPA below 3.0.

Trinity's Deerfield Campus Counseling Center administers the MAT. If you live near this campus, you may make an appointment to take the test with the Counseling Center (847.317.4067).

Test of English as a Foreign Language (TOEFL) Information

If your first language is not English, you will be required to submit Test of English as a Foreign Language (TOEFL) scores. Applicants must obtain a minimum score of 92 (Internet-based test), 237 (computer test), or 580 (paper-based test) for the Master of Arts degree. Usually, if you submit a TOEFL score, no other standardized test score will be required. (For further information on English proficiency, see the "International Students" section of the catalog.

Applicants with completed advanced degrees at the master's level or higher may request a waiver from the standardized testing requirement. Students must submit all other necessary application materials before requesting a TOEFL waiver.

Waivers are not normally granted from this requirement; however, if a waiver is authorized, applicants then become subject to the standardized testing requirements as native English-speakers, required to submit qualifying scores from either the Graduate Record Exam (GRE) or Miller Analogies Test (MAT). Applicants should weigh this prospect carefully before requesting a waiver and allow sufficient time to take the TOEFL if necessary.

Graduate Test Information

Test scores must be less than five years old (except TOEFL scores, which must be less than two years old) and must be submitted directly to our Admissions Office from the testing service. Photocopies from the applicant are not acceptable.

6. Tuition Deposits

Domestic Applicants

If you are admitted to Trinity Graduate School, you must submit a tuition deposit of \$125 payable to "Trinity International University" to the Graduate School Admissions Office as a confirmation of your acceptance of our offer of admission. This deposit is refundable if the Admissions Office receives written notice of cancellation at least thirty days prior to your anticipated date of enrollment.

International Applicants (F-1 Visa)

If you are an international applicant who will be entering the United States on an F-1 or J-1 visa and plan to attend Trinity's Deerfield Campus in a full-time residential status, you must submit a tuition deposit of US\$2,000 to the Admissions Office as confirmation of your acceptance of our offer of admission **before** an I-20 can be issued. This deposit is partially refundable (students living in the United States should submit a \$125 deposit).

7. Special Instructions

Nonresidential Bioethics Applicants

Be sure to check the box on the application marked “**Nonresidential.**” If you do this, we will know to keep your file active until you return the following summer.

If you need further information or have any questions concerning the application process, please call the Admissions Office at 800.533.0975 or 847.317.6900, send an e-mail to tgsadm@tiu.edu, or visit our website at www.tiu.edu/graduate/admissions/.

We reserve the right to request from any graduate school applicant additional materials or an interview with a representative of the university.

International Applicants

Trinity is authorized under federal laws to enroll non-immigrant alien students. In addition to the regular application materials, however, international applicants have some special admission conditions and are required to submit additional information. Please see the general admission section for information pertinent to international applicants, especially those related to Official Transcripts.

Before making application to Trinity, international applicants who will require entry to the United States in an F-1 visa status will be asked to fill out and return a “Pre-application Information for International Applicants” form. The primary purpose of this form is to determine if the potential applicant has realistically identified her or his sources of funding. No application will be acted upon without prior submission and approval of the pre-application form. The pre-application form can be found at www.tiu.edu/forms/graduatepreapp.php, downloaded from Trinity’s website (www.tiu.edu/divinity/admissions/international), or requested from the Admissions Office.

Students with Disabilities

We want to be prepared to meet your needs when you come to Trinity. After you receive your letter of admission, please send us a statement describing your disability and what special attention or arrangements you may need at Trinity. For more information, contact the Dean of Students at 847.317.4063.
